Details of loans given, investments made, or guarantee given, or security provided as per the provisions of Section 186 of the Act and rules made thereunder are given in the notes forming part of the standalone financial statements of the Company. Please refer note nos. 5 and 6 for the details of loans given, investments made, or guarantee given, or security provided by the Company.

SCHEME OF AMALGAMATION

The Board at its meeting held on September 15, 2024, approved a Scheme of Amalgamation pursuant to Sections 230 to 232 and other relevant provisions of the Companies Act 2013, amongst the Company and its wholly owned subsidiaries/stepdown subsidiary namely Gujarat Foils Limited, Koeleman India Private Limited, Noble Tech Industries Private Limited, Oagri Farm Private Limited, OFG Manufacturing Businesses Private Limited, OMAT Business Private Limited, OMAT West Limited, Saivana Garments Private Limited, Sri Mukha Road Products & Civil Labs Private Limited, Tangerine Skies Private Limited and Wonderblues Apparels Private Limited and their respective shareholders and creditors (“Scheme”) with effect from the appointed date July 1, 2024. The said Scheme is subject to necessary statutory and regulatory approvals under applicable laws, including approval of the Hon’ble National Company Law Tribunal, Ahmedabad Bench (“NCLT”).

In this regard, the Company filed the First motion application with the Hon’ble NCLT on October 04, 2024, and received the approval of Hon’ble NCLT on its first motion application on December 16, 2024, for convening the meetings of the Equity Shareholders on January 29, 2025, Preference Shareholders and Unsecured Creditors on January 30, 2025. The shareholders and creditors of the Company at their respective meetings approved of the said Scheme. Thereafter, the Company filed the second motion application with NCLT on February 06, 2025, and obtained the No Objection Certificates (NOCs) from the respective regularity authorities as directed by the Hon’ble NCLT and is awaiting the final approval of NCLT for sanction of the aforesaid scheme.

DIRECTORS AND KEY MANAGERIAL PERSONNEL

Directors:

The Board of the Company comprises an optimum combination of Executives, Non-executive and Independent Directors as stipulated under the Act. During the year under review, there has been no change in the composition of the Board of Directors of the Company. As on March 31, 2025, the Board of Directors comprises of Eleven Directors out of which Mr. Asish Mohapatra and Mr. Bhuvan Kumar Gupta are Executive Directors, Ms. Ruchi Kalra is a Non-executive Director, Mr. Vikram Vaidyanathan, Mr. John Tyler Day, Mr. Navroz Darius Udwadia and Mr. Sarthak Mishta are the Nominee Directors (non-executive) on the Board of Company. Mr. Ved Prakash Goel, Mr. Ranjan Kumar Mohapatra, Mr. Shrish Kishore Sankhe and Mr. Mahesh Chand Agrawal are the Independent Directors on the Board of the Company.

After the closure of Financial Year 2024-25, in view of the conversion of the Company into public limited, the designation of certain

Directors was changed in compliance of the provisions of Section 152 of the Act. Pursuant to the provisions of Sections 196 and 203 of the Act, the Company has also appointed Key Managerial Personnel ("KMPs") of the Company. Pursuant to the above, the Company has appointed Mr. Asish Mohapatra as the Whole-time Director and the Chief Executive Officer of the Company effective form September 10, 2025, and Mr. Bhuvan Kumar Gupta was appointed as the Whole-time Director and was designated as Whole-time Director and Chief Technology Officer ("CTO") of the Company from September 10, 2025. Further, in compliance with the provisions of Section 152 of the Act, the Company changed the category of Mr. Asish Mohapatra, Mr. Bhuvan Kumar Gupta, Ms. Ruchi Kalra, Mr. Vikram Vaidyanathan and Mr. Sarthak Misra in their capacity as directors liable to retire by rotation effective form September 10, 2025. In accordance with the provisions of Section 152 of the Act, Mr. Asish Mohapatra (DIN:06666246) and Mr. Bhuvan Kumar Gupta (DIN:07251075), retire by rotation at the ensuing AGM and being eligible offers themselves for re-appointment as a director, liable to retire by rotation. Necessary resolutions in this respect are included in the Notice of the forthcoming 10th AGM seeking the approval of members of the Company. As per the applicable provisions of the Act, none of Directors of the Company are disqualified from being appointed as the Directors of the Company. Necessary declarations in this respect were received by the Company from all the Directors of the Company. The Company has received necessary declarations/confirmations of independence from all its Independent Directors, pursuant to Section 149(7) of the Companies Act, 2013, as amended from time to time, and the same has been noted and taken on record by the Board, after undertaking due assessment of the veracity of the same.

The Independent Directors have also confirmed that they have complied with the criteria of Independence and the Code for Independent Directors prescribed under Schedule IV of the Act. In the opinion of the Board, the Independent Directors fulfill the conditions of Independence as specified under Section 149(6) of the Act and are independent of the Management of the Company and eligible to continue as the Independent Director of the Company.

Key Managerial Personnel : During the year under review, Ms. Rashi Srivastava, the Company Secretary, resigned from the position of Company Secretary effective from November 08, 2024, and Mr. Anil Dwivedi was appointed as the Company Secretary of the Company effective from November 29, 2024. Mr. Anil Dwivedi was designated as KMP of the Company by the Board at its meeting held on September 10, 2025. Mr. Deepak Kumar Jajodia was appointed as the Chief Financial Officer (KMP) of the Company effective from September 10, 2025. Accordingly, as on the date of this report, below are the KMPs of the Company:

Sr. No.	Name	Designation
1	Mr. Asish Mohapatra	Whole-time Director and Chief Executive Officer
2	Mr. Bhuvan Kumar Gupta	Whole-time Director & Chief Technology Officer
3	Mr. Deepak Kumar Jajodia	Chief Financial Officer
4	Mr. Anil Dwivedi	Company Secretary

PUBLIC DEPOSITS

During the year under review, the Company has not invited or accepted any deposits from the public, pursuant to the provisions of Section 73 of the Act read with the Companies (Acceptance of Deposit) Rules, 2014, as amended. There were neither unclaimed nor unpaid deposits nor there was any default in repayment of deposit or payment of interest thereon as on the date.

RELATED PARTIES TRANSACTIONS

All related party transactions entered during the Financial Year 2024-25 were in the ordinary course of business and on an arm's length basis and carried out with requisite in principle approval of the Audit Committee and the Board of Directors. There were no related party transactions in conflict with the interest of the Company.

During the year, the Company did not enter any transaction, contract or arrangement with related parties, that could be considered material in accordance with the Company's Policy on Related Party Transactions ("RPT Policy"). Hence, the disclosure of information in Form AOC-2 is not applicable for the Financial Year 2024-25. The Members may refer to Note No. 38 of the Standalone Financial Statements, which sets out related party disclosures.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The particulars in respect of Conservation of Energy, Technology absorption and Foreign Exchange earnings and outgo as required under Section 134(3)(m) of the Act read with rules issued thereunder, are given in Annexure-2, annexed to this Report.

AUDITORS

Statutory Auditors and their reports:

The Secretarial Audit Report is annexed as Annexure-3 to this Report.

Internal Auditors and their Reports:

Pursuant to the provisions of Section 138 of the Act, the Board at its meeting held on August 20, 2024, has appointed M/s Ernst & Young LLP, Chartered Accountants as the Internal Auditors of the Company for the Financial Year 2024-25, to review adequacy and effectiveness of the Company's Internal Controls System and other business processes. The Internal Auditors' report does not contain any qualification, reservation, disclaimer or adverse remark.

Cost Auditors and their Reports:

Pursuant to the provisions of Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014, as amended, the Company is required to maintain cost records for the Financial Year 2024-25.

Further, pursuant to provisions of aforesaid section and rules made thereunder, the Board of Directors at its meeting held on June 26, 2024, have appointed M/s Chandra Wadhwa & Co., Cost Accountants, having Firm Reg. No. 000239, as the Cost Auditors of the Company to carry out the Cost Audit of the Cost records maintained by the Company for the Financial Year ending on March 31, 2025 at such remuneration as recommended by the Board and ratified by the members of the Company in their meeting held on August 03, 2024.

The Cost Auditors' Report does not contain any qualification, reservation or adverse remark.

Further, the Board at its meeting held on July 16, 2025, re-appointed M/s. Chandra Wadhwa & Co., Cost Accountants, having Firm Reg. No. 000239, as the Cost Auditors of the Company to carry out the Cost Audit of the Cost records maintained by the Company for the Financial Year ending on March 31, 2026.

In terms of Section 148 of the Act and rules made thereunder, the remuneration of the Cost Auditors as stated above is to be ratified by members of the Company. Accordingly, a resolution has been included in the Notice of forthcoming AGM for ratification of remuneration payable to Cost Auditors, for Financial Years 2025-26, by members of the Company.

Reports by Statutory Auditors under Section 143(12) of the Companies Act 2013

A report under sub-section (12) of Section 143 of the Companies Act, 2013 was filed by the Statutory Auditors in the Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government of India in relation to certain transactions of the company and its two subsidiaries with a third party. The matter was satisfactorily addressed by the Company based on the examination conducted by independent external consultants that concluded no non-compliance. Thereafter an updated ADT-4 (as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014) was filed by the Statutory Auditors with the Central Government along with all the backup documentation in this regard.

PERFORMANCE EVALUATION

The annual performance evaluation of the Board was carried out based on the detailed questionnaire containing criteria such as duties and responsibilities of the Board, information flow to the Board, time devoted to the meetings, etc. Similarly, the Individual Director's evaluation was carried out on the basis of questionnaire containing criteria such as level of participation by individual Directors, independent judgement by the Director, understanding of the Company's business, etc.

The performance evaluation of the Committee was carried out by the Members of the Committee. The performance evaluation of the Independent Directors was carried out by the Board excluding the Director being evaluated. The performance evaluation of the Executive Directors was carried out by the Independent Directors. The Directors expressed their satisfaction over the entire evaluation process.

The Independent Directors, at their separate meeting held on March 31, 2025, carried out evaluation of the Board as a whole, Non-Independent Directors, and briefed the Board of Directors in this regard.

NOMINATION AND REMUNERATION POLICY AND DISCLOSURES

The Company has devised and adopted a Nomination and Remuneration Policy ("NRC Policy") of the Company. The NRC Policy outlines, inter-alia, the appointment criteria & qualification requirements, process for appointment and removal, remuneration structure, etc. of the Directors including Whole-time Directors, KMPs and other Senior Management Personnel ("SMPs") of the Company.

The NRC Policy is available on the Company's website and can be accessed at www.ofbusiness.com. The information required under Section 197(12) of the Act read with Rules 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, shall be provided to the members of the Company subject to the specific request of the members and not form part of this Report. Any member interested in obtaining a copy of the same may write to the Company Secretary at email id ofbcompliances@ofbusiness.in.

COMPLIANCE WITH SECRETARIAL STANDARDS

During the year under review, the Company has complied with the applicable provisions of Secretarial Standards on meetings of the Board of Directors (“SS-1”) and on General Meetings (“SS-2”) issued by the Institute of Company Secretaries of India and notified by the Ministry of Corporate Affairs in terms of the provisions of Section 118 of the Act.

NUMBER OF MEETINGS OF THE BOARD

During the period under review, the Board of the Company met 10 (Ten) times i.e. on May 16, 2024, June 26, 2024, July30, 2024, August 20, 2024, September 15, 2024, October 21, 2024, November 29, 2024, February 20, 2025, March 15, 2025, and March 21, 2025. The time gap between the two consecutive meetings does not exceed the statutory limits as specified under the Act and Secretarial Standards on the Board Meetings issued by the Institute of the Company Secretaries of India.

EMPLOYEE STOCK OPTIONS PLAN (“ESOP”)

The Company grants share-based benefits to eligible employees with a view to attracting and retaining talent, aligning individual performance with the Company’s objectives, and promoting increased participation by them in the growth of the Company.

Necessary disclosures of ESOP in compliance of the Rule 12 of the Companies (Share Capital and Debentures) Rules, 2014, as amended, are given in Annexure-4, annexed with this report.

DIRECTOR'S RESPONSIBILITY STATEMENT

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of Section 134(3)(c) of the Act and hereby confirm that they have:

• In the preparation of the annual accounts, the applicable Indian accounting standards have been followed along with proper explanations relating to material departures, if any;
• The directors have selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for the period under review.
• The directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
• The directors have prepared the annual accounts on a going concern basis.
• The directors had devised a proper system to ensure compliance with the provisions of all applicable laws and that such a system was adequate and operating effectively.

RISK MANAGEMENT

The Company has a structured Risk Management Framework and a Risk Management Policy (“the policy”) for risk identification,

assessment, mitigation and monitoring of action to mitigate the risks.

The key objective of the policy is to provide a formalized framework to enable judicious allocation of resources on the critical areas which can adversely impact the Company's ability to achieve its objectives. The policy is applicable to the Company and its subsidiaries and its employees unless otherwise specified. The policy defines architecture and oversight structure to assist effective implementation.

To overseeing the Risk Management Policy and Risk Management Framework of the Company, the Company had constituted a Risk Management Committee ("RMC"). The Committee will assist the Board of Directors in fulfilling its oversight responsibilities with regard to the risk appetite of the Company, the Company's risk management and compliance framework, and the governance structure that supports it. As on March 31, 2025, and as on date of this report, the composition of the Risk Management Committee is as follows:

Sr. No	Name of the Director	Designation	Category
1.	Ms. Ruchi Kalra	Chairperson	Non-Executive Director
2.	Mr. Shirish Kishore Sankhe	Member	Independent Director
3.	Mr. John Tyler Day	Member	Nominee Director
4.	Mr. Mahesh Chand Agrawal	Member	Independent Director
5.	Mr. Ved Prakash Goel	Member	Independent Director

CORPORATE SOCIAL RESPONSIBILITY ("CSR")

A brief outline of the CSR policy of the Company and the initiatives undertaken by the Company on CSR activities during the year under review along with other information such as composition of the Committee etc. are set out in Annexure-5, annexed to this Report in the format as prescribed in the Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended.

OTHER STATUTORY COMMITTEES OF BOARD

- **AUDIT COMMITTEE**

Pursuant to the provisions of Section 177 of the Act read with rules made thereunder, the Company had constituted the Audit Committee of the Board, for the purpose of overseeing the financial reporting process, the audit process, the Company's system of Internal Controls and compliance with relevant laws and regulations. As on March 31, 2025, and as on the date of this report, the composition of the Audit Committee is as follows:

Sr. No	Name of the Director	Designation	Category
1.	Mr. Ved Prakash Goel	Chairman	Independent Director
2.	Ms. Ruchi Kalra	Member	Non- Executive Director
3.	Mr. Mahesh Chand Agrawal	Member	Independent Director
4.	Mr. Shirish Kishore Sankhe	Member	Independent Director

• NOMINATION AND REMUNERATION COMMITTEE

Pursuant to the provisions of Section 178 of the Act read with rules made thereunder, the Company had constituted the Nomination and Remuneration Committee (“NRC”) in order to ensure that the Company attracts and retains the best talent and there is transparency in the process of appointment/re-appointment and payment of remuneration to Directors, KMPs and SMP of the Company. As on March 31, 2025, and as on the date of this report, the composition of the NRC is as follows:

Sr. No	Name of the Director	Designation	Category
1.	Mr. Ranjan Kumar Mohapatra	Chairman	Independent Director
2.	Ms. Ruchi Kalra	Member	Non- Executive Director
3.	Mr. Mahesh Chand Agrawal	Member	Independent Director
4.	Mr. Shirish Kishore Sankhe	Member	Independent Director

MEETING OF INDEPENDENT DIRECTORS

In compliance with Schedule IV to the Act, the meeting of the Independent Directors was held on March 31, 2025, without the attendance of Non-Independent Directors and members of the Management, to discuss the matters mentioned in Schedule IV of the Act.

DOWNSTREAM INVESTMENT

The Company has complied with the provisions of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, as amended, with respect to the downstream investments made by it during the year under review.

The Company being a foreign owned and controlled company has obtained a certificate, confirming compliance with FEMA and NDI Rules from M/s Deloitte Haskins and Sells, Chartered Accountants, having Firm Reg No. 015125N, the Statutory Auditors of the Company for the Financial Year ended March 31, 2025, and have not received any reservations, qualifications, adverse remarks.

VIGIL MECHANISM /WHISTLE BLOWER POLICY

The Company, in accordance with the provisions of Section 177(9) of the Act, has established a vigil mechanism for directors and employees to report genuine concerns to the Management viz. instances of unethical behavior, actual or suspected fraud or violation of the Company's Code of Conduct. It provides for adequate safeguard against victimization of persons and has a provision for direct access to the Chairman of the Audit Committee. The Policy is available on the Company's website at www.Ofbusiness.com

DISCLOSURE UNDER SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

The Company has adopted zero tolerance for sexual harassment at the workplace and has always believed in providing a safe and harassment-free workplace for every individual working in the Company.

In accordance with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013 ("POSH Act") along with the Rules made thereunder, the Company has in place a policy which mandates no tolerance against any conduct amounting to sexual harassment of women at workplace. The Company has also constituted Internal Complaints Committee ("ICC") to redress and resolve any complaints arising under the POSH Act. Training/ awareness programs are conducted throughout the year to create sensitivity towards ensuring a respectable workplace.

Further, the Company has in place a policy on prevention of Sexual Harassment at Workplace (POSH Policy) in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. All employees (permanent, contractual, temporary and trainees, etc.) are covered under this Policy.

There were no cases or complaints filed under the Policy during the Financial Year 2024-25. The status for the Financial Year 2024-25 is given below:

Sr. No.	Particulars	Status
1.	Number of Complaints of Sexual Harassment received during the year	Nil
2.	Number of Complaints disposed off during the year	Nil

3.	Number of Cases pending for more than 90 days	Nil

EXTENSION OF ANNUAL GENERAL MEETING

During the Financial Year under review, the Company sought an extension of time for holding its AGM for the Financial Year ended March 31, 2025, from the office of the Registrar of Companies, Ahmedabad, Gujrat ("RoC") under the provisions of Section 96(1) of the Act. The RoC, vide its order dated September 24, 2025, granted an extension of 1 (one) month and 30 days, for convening the said AGM.

In this respect, the Board, through resolution passed by circulation, approved for further extension of time for convening the AGM up to December 31, 2025, and to make the necessary filings with the Registrar of Companies, Ahmedabad and the approval is in process.

OTHER DISCLOSURES

• During the year under review, the Company shifted its registered office from NCT of Delhi to B-1102, Sankalp Iconic Tower, Opp. Vikramnagar, Bopal Ambli Road, Bodakdev, Ahmedabad City, Ahmedabad, Gujarat- 380054. A fresh certificate of incorporation consequent upon shifting of the Registered Office of the Company was issued by the Registrar of Companies, Ahmedabad, on August 13, 2024.

• There have been no material changes or commitments affecting the financial position of the Company, which have occurred between the end of the Financial Year 2024-25 and the date of this Report.

• Details of proceeding pending under the Insolvency and Bankruptcy Code, 2016 and their status at the end of the Financial Year 2024-25:

Sr. No.	Case Tittle	By/Against Company	Pending Before	Status as on March 31, 2025
1	Bhuvan Kumar Gupta vs P & R Infraprojects Ltd.*	Appeal by Company	NCLAT, Delhi	Pending before NCLAT*
2	Maverick Developers and Colonisers Pvt Ltd vs OFB Tech Pvt Ltd. (refer point no. vi below)	Against Company	NCLT, Ahmedabad	Pending before NCLT
3	Shambhu Technology Services Pvt Ltd vs OFB Tech Pvt Ltd.	Against Company	NCLT, Ahmedabad	Pending before NCLT
4	OFB Tech Pvt Ltd vs Nekkanti Sea Foods Ltd.	By Company	NCLT, Amravati Andra Pradesh	Pending before NCLT

* The Hon'ble National Company Law Appellate Tribunal, Delhi (" NCLAT") in the matter of Bhuvan Kumar Gupta vs P & R Infraprojects Ltd, has reserved the Judgement as on the date of this Board's Report.

• There were no instances which caused the difference between the amount of the valuation done at the time of one-time settlement and the valuation done while taking loan from the Banks or Financial Institutions.

• The Company has not issued any Equity Shares with differential rights as to dividend, voting or otherwise.

• The Hon'ble National Company Law Tribunal, Ahmedabad bench ("NCLT") vides its order dated July 31, 2025, on the application of M/s Maverick Developers and Colonisers Private Limited made against the Company, appointed Interim Resolution Professional. However, the Company has made an application against the aforesaid order of NCLT before the Hon'ble National Company Law Appellate Tribunal, Delhi ("NCLAT"). The Hon'ble NCLAT stayed the proceeding of the said order of NCLT and the arguments in the matter have been concluded, and the order is reserved by Hon'ble NCLAT on the date of this report. Except this, there were no other significant/material orders passed by any Regulators or Courts or Tribunals impacting the going-concern status of the Company.

• There has been no change in the business operations of the Company.

• The Company has complied with all applicable provisions relating to the Maternity Benefit Act, 1961.

• M/s KFin Technologies Limited acted as the Registrar and Share Transfer Agent of the Company and maintained the Register of Members of the Company.

ACKNOWLEDGEMENTS

Your Board is highly grateful for all the guidance, support and assistance received from the Government and regulatory authorities, both at Central and State level, Financial Institutions and Banks. Your Board thanks all shareholders, investors, esteemed customers, suppliers and business associates for their faith, trust and confidence in the Company.

Your Board also place on record the sincere appreciation for the dedicated efforts and consistent contribution made by the employees at all levels, to ensure that the Company continues to grow.

Annexure-2

Information as per Section 134(3) (m) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014, as amended and forming part of the Directors' Report for the year ended March 31, 2025

• CONSERVATION OF ENERGY:

• The steps taken or impact on conservation of energy: **Bhiwadi Plant :**	

Bhiwadi Plant primarily engages in lubricant blending operations, has nominal electricity consumption owing to process design. The plant has progressively moved towards cold batch processing and bulk lot manufacturing, significantly reducing heating requirements and thereby conserving energy. Regular preventive maintenance of motors and pumps, and adherence to scheduled production planning, have further optimized energy usage. **Kosi Plant :** Kosi Plant manufactures modified bituminous products, utilizing Piped Natural Gas (PNG) as the primary energy source. PNG ensures consistent heating efficiency, reduced energy losses, and lower turnaround time (TAT) in production. The shift from conventional fuels to PNG has enhanced operational consistency and contributed to both cost and energy savings. Efficient insulation of burners and optimized batch scheduling have further aided in conserving energy. No Specific step has been taken in respect of energy conservation for Bhiwandi Plant, Jalgaon Plant and Karnal Plant during the year under review.	
• The steps taken by the company for utilising alternate sources of energy: **Bhiwadi Plant** : Due to low overall energy consumption, the focus remains on process efficiency and reduced idle running of equipment rather than alternative energy sources. **Kosi Plant** : The use of PNG as an alternative and cleaner energy source in place of conventional liquid fuels has been a key step towards sustainable operations and energy conservation. No specific step has been taken for utilising the alternate sources of energy in the Bhiwandi Plant, Jalgaon Plant and Karnal Plant during the year under review.	
• The capital investment on energy conservation equipment's:	Nil

• TECHNOLOGY ABSORPTION:

• **Efforts made towards technology absorption** : Both the plants (i.e. Bhiwadi and Kosi) have undertaken continuous process improvements to enhance operational efficiency. Bhiwadi plant has focused on optimizing blending and process control systems for lubricants, while the Kosi plant has worked on refining formulation techniques for polymer-modified and emulsion-based bituminous products to improve consistency and performance.

• Benefits derived: The efforts have resulted in the below benefits for the Company:

a) Improved product quality and consistency.

b) Reduction in energy and material wastage.

c) Shorter production cycles and improved throughput.

d) Cost optimization and better control over input-to-output ratios.

- Imported technology:

(a) Details of technology imported: Nil

(b) Year of import: Not applicable

(c) Whether the technology has been fully absorbed: Not applicable

(d) If not fully absorbed, areas where absorption has not taken place and reasons thereof: Not applicable

• Expenditure incurred on Research and Development:

The Research and Development activities are primarily undertaken in-house through process and formulation improvements; hence, no significant separate capital expenditure has been incurred under this head during the year under review.

(C) FOREIGN EXCHANGE EARNINGS AND OUTGO :

(Rs. In Lac)

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members

OFB TECH PRIVATE LIMITED

(CIN: U74140GJ2015PTC154393)

B-1102, Sankalp Iconic Tower, Opp. Vikram Nagar,

Bopal Ambli Road, Bodakdev, Ahmedabad,

Ahmadabad City, Gujarat - 380054

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **OFB TECH PRIVATE LIMITED** (hereinafter called the " **Company** ") which is an unlisted company. Secretarial

Audit was conducted in a manner that provided us with a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents, and authorised representatives during the conduct of the secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2025 (" **Audit Period** ") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period according to the provisions of:

• The Companies Act, 2013 (the 'Act') and the rules made thereunder;
• The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
• Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings (Not applicable during the Audit Period);
• As informed by the management, no sector specific guidelines/ laws are applicable on the Company.

We have also examined compliance with the applicable clauses of the Secretarial Standard on Meetings of the Board of Directors and on General Meetings issued by the Institute of Company Secretaries of India and the Company was generally regular in compliance of the Secretarial Standard.

We report that the Company has complied with the provisions of the Act, Rules, Regulations, Standards and Guidelines, to the extent applicable, as mentioned above during the Audit Period and the Company was generally regular in filing with the Registrar of Companies.

We further report that that the Board of Directors of the Company is duly constituted as per provisions of the Act. There were no changes in the composition of the Board during the Audit Period.

Adequate notice was given to all the Directors to schedule the Board and Committee Meetings, agenda and detailed notes on agenda were sent at least seven days in advance for other than those meetings which were held at a shorter notice in compliance with the provisions of the Act read with Secretarial Standard-1 and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at the Board and Committee Meetings were carried out with requisite majority as recorded in the minutes of the meetings of the Board or Committee(s) of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with all applicable laws, rules, regulations, standards and guidelines.

We report further that during the period under review **:**

Ahmadabad City, Gujarat - 380054

Our report of even date is to be read along with this letter:

• Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on those secretarial records based on our audit.

• We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on a test-check basis to ensure that the correct facts are reflected in the secretarial records. We believe that the process and practices we followed provide a reasonable basis for our opinion.

• We have not verified the correctness and appropriateness of the financial records and books of accounts of the Company.

• Wherever required, we have obtained Management Representation about the compliance of laws, rules, and regulations and the happening of events, etc.

• The compliance of the provisions of corporate and other applicable laws, rules, regulations, and standards is the responsibility of the management. Our examination was limited to the verification of procedures on a test-check basis.

• The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

CORPORATE GOVERNANCE REPORT

COMPANY'S PHILOSOPHY ON THE CODE OF CORPORATE GOVERNANCE

The Company's Philosophy on Corporate Governance is based on the principles of integrity, fairness, transparency, due compliance, accountability and responsibility towards stakeholders in addition to the commitment to conduct business in an ethical manner.

We firmly believe in high standards of Corporate Governance so that the Company's performance ensures a positive impact on its stakeholders, customers, members, employees, vendor partners, business associates, larger community and government of the country where it operates. It upholds the core tenets of corporate governance for sustained growth and financial performance.

Our corporate governance framework and philosophy originates from our responsibility towards maximizing stakeholders' value. It is a systematic continuous process which ensures enhancement in wealth-generating capacity and long-term success. We believe in a system driven performance and accord highest priority to it.

BOARD OF DIRECTORS

The Board of our Company comprises a good and diverse mix of Executive, Non-Executive Directors and Independent Directors. As on 31 March 2025, the Board comprises 11 (Eleven) Directors. INDEPENDENT DIRECTORS

The Independent Directors have confirmed that they have complied with the Code for Independent Directors prescribed under Schedule IV of the Act. In the opinion of the Board, the Independent Directors fulfill the conditions of Independence as specified under Section 149(6) of the Act and are independent of the Management of the Company and eligible to continue as the Independent Director of the Company. No Independent Director has resigned during the year under review.

In compliance with Schedule IV to the Act, the meeting of the Independent Directors was held on March 31, 2025, without the attendance of other Directors and members of management, inter alia, to discuss the matters mentioned in Schedule IV of the Act.

PERFORMANCE EVALUATION

The annual performance evaluation of the Board was carried out based on the detailed questionnaire containing criteria such as duties and responsibilities of the Board, information flow to the Board, time devoted to the meetings, etc. Similarly, the Individual Director’s evaluation was carried out on the basis of questionnaire containing criteria such as level of participation by individual Directors, independent judgement by the Director, understanding of the Company’s business, etc.

The performance evaluation of the Committee was carried out by the Members of the Committee. The performance evaluation of the Independent Directors was carried out by the Board excluding the Director being evaluated. The performance evaluation of the Executive Directors was carried out by the Independent Directors. The Directors expressed their satisfaction over the entire evaluation process.

The Independent Directors, at their separate meeting held on March 31, 2025, carried out evaluation of the Board as a whole, Non-Independent Directors, and briefed the Board of Directors in this regard.

BOARD COMMITTEES

The Committees of the Board are as follows:

a. Audit Committee

Pursuant to the provisions of Section 177 of the Act read with rules made thereunder, the Company had constituted the Audit Committee of the Board on November 01, 2023, for the purpose of overseeing the financial reporting process, the audit process, the Company's system of Internal Controls and compliance with relevant laws and regulations. As on March 31, 2025, and as on the date of this report, the composition of the Audit Committee is as follows:

Sr. No	Name of the Director	Designation	Category	No. of Meeting held	No. of meeting attended
1.	Mr. Ved Prakash Goel	Chairman	Independent Director	6	5
2.	Ms. Ruchi Kalra	Member	Non- Executive Director	6	6
3.	Mr. Mahesh Chand Agrawal	Member	Independent Director	6	6
4.	Mr. Shirish Kishore Sankhe	Member	Independent Director	6	5

The role and terms of reference of the Audit Committee are specified in Section 177 of the Act. It also discharges such other functions as may be delegated by the Board of Directors from time to time. The role of the Audit Committee, inter-alia, include among other things, oversight of the Company's financial reporting process and disclosure of financial information; review of the accounting and financial policies and practices; appointment of auditors and fixation of their remuneration; approval of internal audit plan and review of significant internal audit finding; review of internal financial control and risk management system; review the functioning of the Whistle Blower Mechanism; Scrutiny of inter- corporate loans etc.

b. Nomination and Remuneration Committee

Pursuant to the provisions of Section 178 of the Act read with rules made thereunder, the Company had constituted the Nomination and Remuneration Committee ("NRC") on November 01, 2023, in order to ensure that the Company attracts and retains the best talent and there is transparency in the process of appointment/ re-appointment and payment of remuneration to Directors, KMPs and SMPs of the Company. As on March 31, 2025, and as on the date of this report, the composition of the NRC is as follows:

Sr. No	Name of the Director	Designation	Category	No. of Meeting held	No. of meeting attended
1.	Mr. Ranjan Kumar Mohapatra	Chairman	Independent Director	1	1
2.	Ms. Ruchi Kalra	Member	Non- Executive Director	1	1
3.	Mr. Mahesh Chand Agrawal	Member	Independent Director	1	1
4.	Mr. Shirish Kishore Sankhe	Member	Independent Director	1	1

The terms of reference of the Nomination and Remuneration Committee are as specified in Section 178 of the Act read with rules made thereunder which inter-alia include formulation of the criteria for determining qualifications, positive attributes and independence of a Director and recommend to the Board a policy, relating to the remuneration for the Directors, KMPs/SMPs and other employees; formulation of criteria for evaluation of Independent Directors and the Board; Identification of persons who are /qualified to become Directors and who may be appointed in Senior Management and recommending to the Board their appointment and removal. It also discharges such other functions as may be delegated by the Board of Directors from time to time.

Other Committees

Apart from the above, the Board has also constituted the Corporate Social Responsibility Committee. Further the requirements of the constitution of the Risk Management Committee are not applicable on the Company, however the Risk Management Committee has been voluntarily constituted by the Company. Further for day-to-day operation convenience, the Company has also constituted Investment Committee, Management and Finance Committee, Information and Technology Committee and IPO Committee. The meetings of the aforesaid committees are held as and when need arises and at such intervals as may be expedient.

REMUNERATION OF DIRECTORS

No remuneration was paid to Nominee (Non-executive) Directors and Independent Directors of the Company. The sitting fees for attending meetings of the Board and the Committees thereof were paid only to the Independent Directors of the Company. The remuneration paid to the Executive Directors was duly recommended by the Nomination and Remuneration Committee and approved by the Board of Directors. The said remuneration comprises Salary, Perquisites and Retiral Benefits etc.

PECUNIARY RELATIONSHIP OF DIRECTORS

None of the Directors of the Company had any material pecuniary relationship(s) or transaction(s) with the Company, its Promoters, its Senior Management, its subsidiary or associate company apart from the remuneration paid to the Executive Directors and sitting fees paid to the Independent Directors and reimbursement of expenses incurred by the Directors in discharging their duties, if any. The Company has not issued any stock options to the Directors of the Company, therefore the requirement to disclose stock option holdings by any Director does not apply.

Textual information (13)

Disclosure of statement on development and implementation of risk management policy [Text Block]

The Company has a structured Risk Management Framework and a Risk Management Policy (“the policy”) for risk identification, assessment, mitigation and monitoring of action to mitigate the risks.

The key objective of the policy is to provide a formalized framework to enable judicious allocation of resources on the critical areas which can adversely impact the Company’s ability to achieve its objectives. The policy is applicable to the Company and its subsidiaries and its employees unless otherwise specified. The policy defines architecture and oversight structure to assist effective implementation.

To overseeing the Risk Management Policy and Risk Management Framework of the Company, the Company had constituted a Risk Management Committee (“RMC”). The Committee will assist the Board of Directors in fulfilling its oversight responsibilities with regard to the risk appetite of the Company, the Company’s risk management and compliance framework, and the governance structure that supports it. As on March 31, 2025, and as on date of this report, the composition of the Risk Management Committee is as follows:

Sr. No	Name of the Director	Designation	Category
1.	Ms. Ruchi Kalra	Chairperson	Non-Executive Director
2.	Mr. Shirish Kishore Sankhe	Member	Independent Director
3.	Mr. John Tyler Day	Member	Nominee Director
4.	Mr. Mahesh Chand Agrawal	Member	Independent Director
5.	Mr. Ved Prakash Goel	Member	Independent Director

Disclosure in auditors report relating to fixed assets

The Company has maintained proper records showing full particulars, including quantitative details and situation of the Property, Plant and Equipment, capital work-in-progress and relevant details of right-of-use assets.

Textual information (25)

Disclosure in auditors report relating to inventories

The inventories (other than stocks held with third parties and goods-in-transit) were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end and in respect of goodsin-transit, confirmations have been obtained from the parties or the goods have been received in most of cases subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

Textual information (26)

Disclosure in auditors report relating to loans

According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at various points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising stock statements filed by the Company with such banks are in agreement with the unaudited books of account of the Company, of the respective quarters.

Textual information (27)

Disclosure in auditors report relating to compliance with Section 185 and 186 of Companies Act, 2013

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees, and securities provided, as applicable.

Textual information (28)

Disclosure in auditors report relating to maintenance of cost records

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

Textual information (29)

Disclosure in auditors report relating to statutory dues [Text Block]

• In respect of statutory dues:

Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State

Insurance, Income-tax, duty of Customs, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities. The operations of the Company did not give rise to any liabilities with regard to Sales Tax, Service Tax, duty of Excise and Value Added Tax.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(a) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount (Rs. in lakhs)	Period to which the Amount Relates	Forum where Dispute is Pending
Income Tax Act, 1961	Income Tax	409.54	2022-23	Commissioner of Income Tax (Appeals)

Textual information (30)

Disclosure in auditors report relating to public offer and term loans used for purpose for which those were raised

The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

Textual information (31)

Disclosure in auditors report relating to managerial remuneration

h) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

Textual information (32)

Disclosure in auditors report relating to transactions with related parties

(xiii) In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

Textual information (33)

Disclosure in auditors report relating to preferential allotment or private placement of shares or convertible debentures

The Company has made preferential placement of shares during the year. For such allotment of shares, the Company has complied with the requirements of Section 42 and 62 of the Companies Act, 2013, and the funds raised have been, prima facie, applied by the Company during the year for the purposes for which the funds were raised. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the year.

Textual information (34)

Disclosure in auditors report relating to non-cash transactions with directors or persons connected with him

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of it’s subsidiary company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of OFB Tech Private Limited

(“the Company”), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

• The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report but does not include the standalone financial statements and our auditor's report thereon.
• Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
• In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially
• inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
• If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and

perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

• Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

• We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

• In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for not complying with the requirement of audit trail as stated in (i)(vi) below.

• The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

• In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

• On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

• The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

• With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to standalone financial statements.

• In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

• With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

• The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - refer note 32A of the standalone financial statements.

• The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - refer note 32A of the standalone financial statements.

• There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

• (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in note 48 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

• The Management has represented, that, to the best of its knowledge and belief, as disclosed in note 49 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding

Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

• Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v.The Company has not declared or paid any dividend during the year and has not proposed final

dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting softwares for maintaining its books of account for the year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility for all relevant transactions recorded in the softwares wherein:

• in respect of an accounting software used for maintaining books of accounts, the feature of recording audit trail (edit log) facility has been enabled and the same has operated throughout the year for all relevant transactions recorded in the software(s). Further, during the course of our audit subject to above, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software’s for the period for which the audit trail feature was operating; and

• in respect of another accounting software used for maintaining the revenue records and the purchase records, audit trail feature was not enabled at the database level to log any direct data changes, and the software did not have a feature to log the enabling/ disabling of the audit trail feature at the application level; accordingly we are unable to comment whether the audit trail feature was enabled and operated throughout the year for all relevant transactions recorded in the software and whether there were any instances of the audit trail feature been tampered with (refer note 57 of the standalone financial statements).

Additionally, audit trail that was enabled and operated for the year ended March 31, 2024, has been preserved by the company as per the statutory requirements for record retention, as stated in note 57 of the standalone financial statements.

2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of OFB Tech Private Limited (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A Company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has maintained, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as of March 31, 2025, based on the criteria for internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that-

(i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of the Property, Plant and Equipment, capital work-in-progress and relevant details of right-of-use assets.

B. The Company has maintained proper records showing full particulars of intangible assets.

• The Company has a program of verification of Property, Plant and Equipment and right of use assets so to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

• With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the standalone financial statements included in property, plant and equipment and non-current assets held for sale, according to the information and explanations given to us and based on the examination of the sale deed provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date, except for the following:

(Rs. in lakhs)

Description of property	Carrying value in the standalone financial statements as at March 31, 2025	Held in the name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in the name of Company
Residential Flat (Asset Held for Sale)	32.76	Morpheus Developers Pvt Ltd	No	8 years	Currently, the Company has "allotment cum flat buyer agreement" entered with Morpheus Developers Pvt Ltd. and has also entered into an agreement to sale with Rakesh Kumar Shukla to sell this flat. Pending completion of the said arrangement, the registration of flat is kept in abeyance.

• The Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.

• No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The inventories (other than stocks held with third parties and goods-in-transit) were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end and in respect of goodsin-transit, confirmations have been obtained from the parties or the goods have been received in most of cases subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at various points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising stock statements filed by the Company with such banks are in agreement with the unaudited books of account of the Company, of the respective quarters.

(iii) The Company has made investments in, provided security and granted loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

• The Company has provided loans, advances in nature of loans and provided security during the year and details of which are given below:

(Rs. in lakhs)

Particulars	Loans	Advances in nature of loans	Security to bank and NBFC
A. Aggregate amount granted/ provided during the year:			
- Subsidiaries	1,02,977.54	-	12,579.48
- Employees	-	58.94	-
B. Balance outstanding as at balance sheet date			
- Subsidiaries	165,300.22	-	33,881.45

- Employees	-	45.68	-

The Company has not provided any guarantee to companies, firms, Limited Liability Partnerships or any other parties during the year.

• The investments made, security given and the terms and conditions of the grant of all the above-mentioned loans and advances in the nature of loans, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

• In respect of loans granted and advances in the nature of loans provided by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the

repayments or receipts of principal amounts and interest have been regular as per stipulations except for the following:

Name of entity	Nature	Amount	Due date	Extent of delay	Remarks
		(Rs. in lakhs)			
O'AGRI Farm Private Limited	Working capital demand loan	1.5		Refer note 1 below	
Wonderblues Apparels Private Limited	Cash credit limit	1,000.00		Refer note 2 below	
Sri Mukha Road Products & Civil Labs Private Limited	Cash credit limit	185		Refer note 3 below	
Constro Solutions Limited	Cash credit limit	608		Refer note 4 below	

Note:

• The Company's working capital demand loan ('WCDL') to O'AGRI Farm Private Limited, wholly owned subsidiary, amounting to Rs. 1.50 lakhs were originally due on March 31, 2025 which has been subsequently recovered on October 27, 2025.

• The Company extended cash credit limit to Wonderblues Apparels Private Limited in multiple tranches comprising:
•

Tranche date	Amount (Rs. in lakhs)	Due date
June 15, 2024	500	November 12, 2024
August 06, 2024	500	January 03, 2025

The Company has entered into addendum on March 01, 2025, effective from original agreement dates i.e. June 15, 2024 and August 06, 2024, to amend the terms of loan as repayable on demand.

• The Company extended a cashcredit facility to Sri Mukha Road Products & Civil Labs Private Limited on September 10, 2024, with repayment due on February 07, 2025 or on demand. Subsequently, an addendum dated March 01, 2025, effective from September 10, 2024, amended the loan terms to make repayment payable on demand.

• The Company extended cash credit limit to Constro Solutions Limited in multiple tranches comprising:
•

Tranche date	Amount (Rs. in lakhs)	Due date
September 26, 2024	100	February 23, 2025
May 08, 2024	118	October 05, 2024
August 27, 2024	140	January 24, 2025
August 31, 2024	250	January 28, 2025

The Company has entered into addendum on March 01, 2025, w.e.f. original agreement date to amend the terms of loan as repayable on

demand.

• According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted and advances in the nature of loans provided by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

• No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

• The Company has granted loans which are repayable on demand or without specifying any terms or period of repayment, details of which are given below:

(Rs. in lakhs)

Particulars	All Parties	Promoters	Related Parties
Aggregate of loans as on March 31, 2025			
- Repayable on demand (A)	33,557.66	-	33,557.66
- Agreement does not specify any terms or period of repayment (B)	-	-	-
Total (A+B)	33,557.66	-	33,557.66
Percentage of loans to the total loans	20.30%	-	20.30%

• The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees, and securities provided, as applicable.

• The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

• The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
• In respect of statutory dues:

Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State

Insurance, Income-tax, duty of Customs, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities. The operations of the Company did not give rise to any liabilities with regard to Sales Tax, Service Tax, duty of Excise and Value Added Tax.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(a) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount (Rs. in lakhs)	Period to which the Amount Relates	Forum where Dispute is Pending
Income Tax Act, 1961	Income Tax	409.54	2022-23	Commissioner of Income Tax (Appeals)

• There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
• (a) In our opinion the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
• The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

• To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained, other than temporary deployment pending application in respect of term loans raised towards the end of the year.

• On an overall examination of the standalone financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

• On an overall examination of the standalone financial statements of the Company, we report that the Company has taken funds from the following entities and persons on account of or to meet the obligations of its subsidiaries during the year ended March 31, 2025 as per details below:

Nature of fund taken	Name of lender	On account of or to meet the obligations of subsidiary		
		Amount	Name of subsidiary	Nature of transactions for which funds utilized
		involved

• The Company has raised loans during the year on the pledge of securities held in its subsidiaries, as per details below and has not defaulted in the repayment of such loans raised.

(Rs. in lakhs)

Nature of loan taken	Name of lender	Amount of loan	Name of the subsidiary	Relation	Details of security pledged	Remarks

Term loan	Piramal Capital & Housing Finance Limited	Rs.17,500	OFG Manufacturing Business Private Limited (“OFG”)	Wholly owned subsidiary	Rs.10,453.92 (35% of investment in OFG)	Equity shares have been pledged on April 11, 2025

(x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) The Company has made preferential placement of shares during the year. For such allotment of shares, the Company has complied with the requirements of Section 42 and 62 of the Companies Act, 2013, and the funds raised have been, prima facie, applied by the Company during the year for the purposes for which the funds were raised. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the year.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year. .

• To the best of our knowledge, report under sub-section (12) of section 143 of the Companies Act has been filed by us in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
• As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
• The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
• In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

• (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto March 2025.

• In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of it’s subsidiary company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

• (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clauses (xvi)(a), (b) and (c) of the Order is not applicable.

(d) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

• The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

• There has been no resignation of the statutory auditors of the Company during the year.
• On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of

balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
• The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in

Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members

OFB TECH PRIVATE LIMITED

(CIN: U74140GJ2015PTC154393)

B-1102, Sankalp Iconic Tower, Opp. Vikram Nagar,

Bopal Ambli Road, Bodakdev, Ahmedabad,

Ahmadabad City, Gujarat - 380054

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **OFB TECH PRIVATE LIMITED** (hereinafter called the " **Company** ") which is an unlisted company. Secretarial Audit was conducted in a manner that provided us with a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents, and authorised representatives during the conduct of the secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2025 (" **Audit Period** ") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period according to the provisions of:

• The Companies Act, 2013 (the 'Act') and the rules made thereunder;
• The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
• Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings (Not applicable during the Audit Period);
• As informed by the management, no sector specific guidelines/ laws are applicable on the Company.

We have also examined compliance with the applicable clauses of the Secretarial Standard on Meetings of the Board of Directors and on General Meetings issued by the Institute of Company Secretaries of India and the Company was generally regular in compliance of the Secretarial Standard.

We report that the Company has complied with the provisions of the Act, Rules, Regulations, Standards and Guidelines, to the extent applicable, as mentioned above during the Audit Period and the Company was generally regular in filing with the Registrar of Companies.

We further report that that the Board of Directors of the Company is duly constituted as per provisions of the Act. There were no changes in the composition of the Board during the Audit Period.

Adequate notice was given to all the Directors to schedule the Board and Committee Meetings, agenda and detailed notes on agenda were sent at least seven days in advance for other than those meetings which were held at a shorter notice in compliance with the provisions of the Act read with Secretarial Standard-1 and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at the Board and Committee Meetings were carried out with requisite majority as recorded in the minutes of the meetings of the Board or Committee(s) of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with all applicable laws, rules, regulations, standards and guidelines.

We report further that during the period under review **:**

• The members of the Company, at the Extra-Ordinary General Meeting held on May 3, 2024, accorded their approval for:

• shifting of Registered Office of the Company from National Capital Territory of Delhi to the State of Gujrat. The Regional Director vide its order dated August 1, 2024, approved the aforesaid shifting of Registered Office of the Company.

OFB TECH PRIVATE LIMITED

(CIN: U74140GJ2015PTC154393)

B-1102, Sankalp Iconic Tower, Opp. Vikram Nagar,

Bopal Ambli Road, Bodakdev, Ahmedabad,

Ahmadabad City, Gujarat - 380054

Our report of even date is to be read along with this letter:

• Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on those secretarial records based on our audit.

• We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on a test-check basis to ensure that the correct facts are reflected in the secretarial records. We believe that the process and practices we followed provide a reasonable basis for our opinion.

• We have not verified the correctness and appropriateness of the financial records and books of accounts of the Company.

• Wherever required, we have obtained Management Representation about the compliance of laws, rules, and regulations and the happening of events, etc.

• The compliance of the provisions of corporate and other applicable laws, rules, regulations, and standards is the responsibility of the management. Our examination was limited to the verification of procedures on a test-check basis.

• The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Disclosure of significant accounting policies [TextBlock]	Textual information (37) [See below]

Textual information (37)

Disclosure of significant accounting policies [Text Block]

1	**Corporate Information**	
	OFB Tech Private Limited (the 'Company') is a private limited company incorporated in India on 24 August 2015 under the provisions of the Companies Act, 2013. The Company is engaged in trading and manufacturing of products such as steel, cement, polymer, agricultural etc. and selling mainly to small and medium enterprise ("SME") centric B2B business entities. The Company has its registered office changed from New Delhi to Gujarat on 13th August of 2024 and its corporate office at Gurugram, Haryana.	
2	**Material accounting policies**	
2.1	**Basis of preparation and presentation of standalone financial statements**	
	Statement of Compliance	
	The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.	
	Basis of Preparation	
	The standalone financial statements have been prepared on accrual and going concern basis under the historical cost convention except for certain class of financial assets/ liabilities, share based payments and net liability for defined benefit plans that are measured at fair value. The accounting policies have been consistently applied by the Company unless otherwise stated.	

Functional and Presentation Currency

The standalone financial statements have been prepared and presented in Indian Rupees (Rs), which is also the Company's functional currency. All amounts in the financial statement and accompanying notes are presented in 'Lakhs' and have been rounded-off to two decimal places unless stated otherwise.

Fair value measurement

The Company measures financial instruments at fair value at each reporting date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

in the principal market for the asset or liability, or

in the absence of a principal market, in the most advantageous market for the asset or liability.

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

For financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

2.2	**Use of estimates**	
	The preparation of these standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of asset and liabilities, disclosures relating to contingent liabilities as at the date of the standalone financial statements and the reported amounts of income and expense for the period presented.	
	Estimates and underlying assumptions are continually evaluated and reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.	
	Critical accounting estimates and judgements	
	Information about significant areas of estimation and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements are included in the following areas:	
	Compound financial instrument: The Company had issued Compulsorily Convertible Preference Shares and Optionally Convertible Preference Shares on private placement basis which has a fixed to fixed conversion terms. The Company has analysed the conversion terms related to timing of conversion, future cash flows along with other factors and arrived at equity component of these instruments. There is no change in valuation of these compound financial instruments as at the current and previous year end.	
	Impairment testing: The Company has reviewed its carrying value of long term investments in equity shares as disclosed in note- 5A of standalone standalone financial statements at the end of each reporting period, for possible impairment if there are events or changes in circumstances that indicate that carrying amount of assets may not be recoverable. If the recoverable value, which is based upon economic circumstances and future plan is less than its carrying amount, the impairment loss is accounted.	
	Impairment of goodwill: Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a Cash Generating Unit (CGUs) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Key assumptions in the cash flow projections are prepared based on current economic conditions and comprises estimated long term growth rates, weighted average cost of capital and estimated operating margins.	

	Expected credit losses on financial assets: The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.	
	Revenue from contracts with customers: The Company applies judgement in assessing transactions related to principal versus agent considerations, identification of performance obligations, and the determination of any significant financing component in customer contracts. These judgements significantly affect the determination of the amount and timing of revenue recognition for sales of goods and related trading activities.	
	Useful lives of intangible assets: The Company amortises intangible assets on a straight-line basis over estimated useful lives of the assets. The useful life is estimated based on a number of factors including the effects of obsolescence, demand, competition and other economic factors such as the stability of the industry and known technological advances and the level of maintenance expenditures required to obtain the expected future cash flows from the assets. The estimated useful life is reviewed at least annually.	
2.3	**Revenue recognition**	
	Sales are recognized, at transaction price as per terms of agreements with the customers, net of returns and other variable consideration on account of discounts, if any, on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers, which generally coincides with dispatch/ delivery to customers, as applicable. Sales excludes goods and services tax. The Company recognises revenue when the amount of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and degree of managerial involvement associated with ownership or effective control have been met for each of the Company's activities as described below.	
	Sale of traded goods:	
	Revenue is recognized for domestic and export sales of goods on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers as per terms of agreements with the customers. The amount recognised as revenue is net of taxes, sales returns and trade discounts.	
	Principal versus agent considerations:	

	The Company performs assessments on principal versus agent considerations based on the facts of each scenario. The Company is a principal and records revenue on a gross basis when the Company is primarily responsible for fulfilling the sale, has discretion in establishing pricing, and controls the goods before transferring them to customers.	
	Other operating revenue:	
(a)	**Freight / logistics charges and loading & unloading charges**	
	Revenue from freight / logistics charges, loading & unloading charges, is recognised when the goods have been delivered to the buyer's warehouse/location, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration. The amount recognised as revenue is net of taxes and credit notes, if any.	
(b)	**Technical support services**	
	Technical support services are provided by the Company to few of its wholly owned subsidiaries. The Company provides access to its self-developed software applications/customised software packages to these subsidiaries and charges a mark-up of 12% on depreciation, maintenance costs and other direct expenses pertaining to software applications development/technology related development.	
(c)	**Other operating revenue**	
	Revenue from other operating revenue comprised service fees which is recognised when the contracting party(s) does the market place transaction on the Company's platform, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration and when the Company acts as an agent. The amount recognised as revenue is net of taxes, discounts and credit notes, if any.	
	Finance Income:	

	Interest income	
	The Company charges interest from its customers for credit sales. The interest is recognized using time proportion method, based on interest rates agreed with the customers, to the extent there is no uncertainty to its collection.	
	Delayed interest charges	
	The Company charges penalty on the late payment from customers beyond the credit period. Income is recognized when there is no uncertainty to its collection.	
	Other income:	
(a)	Interest Income on fixed deposits.	
(b)	Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, using effective interest rate (EIR) method.	
2.4	**Inventories**	
	Inventories (including goods in transit) are valued at the lower of cost and net realisable value after providing for obsolescence and other losses, when considered necessary. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventory comprises all cost of purchase and other cost incurred in bringing the inventories to the present location and condition. In determining cost, FIFO (First in first out) method is used.	
2.5	**Property, Plant and Equipment**	
	Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any directly attributable cost of bringing	

	the asset to its working condition for its intended use.	
	Depreciation Methods, estimated useful lives and residual value	
	Depreciation commences when the assets are ready for their intended use. Depreciation on property, plant and equipment have been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. The life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:	
	Type of Asset	**Life (in years)**
	Computers	3
	Network Equipment	6
	Office equipment	5
	Furniture and fixtures	10
	Plant and Machinery	15
	Depreciation is provided on a pro-rata basis i.e. from the date on which asset is ready for use. Leasehold improvements are depreciated over the lease term or useful life, whichever is lower.	
	The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.	
	Amortisation of leased assets are over the lease period or useful life as above, whichever is lower.	

2.6	**Intangible assets including Intangible assets under development**	
(a)	**Technology related development cost**	
	Technology related development costs incurred by the Company are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes expenses incurred during the application development stage. The costs related to planning and post implementation phases are expensed as incurred.	
	Expenditure on research activities are recognized in the Statement of Profit and Loss as incurred. Development activities relate to production of new or substantially improved products and processes. Development expenditure is capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalized includes direct labour and overhead costs that are directly attributable to preparing the asset for its intended use.	
	Technology related development assets that are under development and are not yet available for use are tested annually for impairment.	
(b)	**Software**	
	Software acquired by the Company are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes any directly attributable expenses necessary to make the asset ready for use.	
	Amortisation of Intangible Assets" Amortization expense on intangible assets (technology related development, web design & development cost and software) is provided on straight line method based on management's estimated useful life of 5 years. Amortization expense is charged on pro-rata basis for assets purchased / sold during the year. The appropriateness of amortization period and the amortization method is reviewed at each financial year end.	

2.7	**Leases**	
	Where the Company is a lessor	
	Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.	
	Where the Company is a lessee	
	For the lease contracts where the Company is a lessee, it recognizes right-of-use asset and lease liability.	
	Right-of-use assets:	
	At the commencement of lease, right-of-use asset is recognized at cost. Cost comprises of initial measurement of lease liability, lease payments made before commencement date less lease incentives, initial direct costs incurred by the Company and estimate of any dismantling cost.	
	Right-of-use assets are amortized over the lease term as below:	
	Right-of-use assets	**Estimated Useful Life (in no. of years)**
	Right-of-use buildings	2-10
	The right-of-use assets are subsequently measured at cost less accumulated depreciation and any accumulated impairment. Adjustment is made for any remeasurement of lease liability.	

	Lease liability:	
	At the commencement of lease the Company measures the lease liability at the present value of lease payments not paid at commencement date. The lease payments are discounted using the Company's incremental borrowing rate.	
	Lease liability are subsequently increased by interest on the lease liability and reduced by the lease payments. It is adjusted to reflect any reassessment or lease modifications.	
	Short term lease and low value leases:	
	The Company does not recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on an accrual basis over the lease term based on the terms of the lease agreement.	
2.8	**Impairment of tangible and intangible assets**	
	The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. An impairment loss is charged to the Statement of Profit and Loss in the year in which the asset is identified as impaired. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss.	
	Goodwill : Cash generating units to which goodwill is allocated are tested for impairment annually at each balance sheet date, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to that unit and then to the other assets of the unit pro rata on the basis of carrying amount of each asset in the unit. Goodwill impairment loss recognised is not reversed in subsequent period.	
2.9	**Employee Benefits**	
(a)	**Short term employee benefits**	
	Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled	

	wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.	
(b)	**Other long-term employee benefits**	
	These liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services. They are therefore measured as the present value of expected future payments to be made in respect of services provided by the employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.	
	The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer the settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.	
(c)	**Post-employment employee benefits**	
	The Company operates the following post-employment schemes:	
(i)	**Defined contribution plans**	
	The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made at the determined rate as and when services are rendered by the employees. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.	
(ii)	**Defined benefit plans**	
	The Company's Gratuity plan is a defined benefit plan. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit	

	Method.	
	The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.	
	Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.	
	Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefit expenses. Interest cost implicit in defined benefit employee cost is recognised in the Statement of Profit and Loss under employee benefit expenses. Gains or losses on settlement of any defined benefit plan are recognised when the settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.	
(d)	**Share Based Payments:**	
	Equity-settled share based payments to employees are measured at the fair value of the equity instruments at the grant date in accordance with Ind AS 102, ‘Share based payments’. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 40.	
	The fair value determined at the grant date of the equity-settled share based payments is expensed over the vesting period using the graded vesting method, based on the Company’s estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revives its estimate of the number of equity instruments expected to vest. The impact of the original estimates, if any, is recognized in the profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the “Share Option Outstanding Account’ in Other Equity.	
2.1	**Investment in subsidiaries**	
	The investment in subsidiaries are carried at cost as per Ind AS 27. Investment carried at cost is tested for impairment as per Ind AS 36. An investor, regardless of the nature of its involvement with	

an entity (the investee), shall determine whether it is a parent by assessing whether it controls the

	investee. An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Thus, an investor controls an investee if and only if the investor has all the following:	
(a)	power over the investee;	
(b)	exposure, or rights, to variable returns from its involvement with the investee and	
(c)	the ability to use its power over the investee to affect the amount of the investor's returns	
	On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.	
	When the Company loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as difference between (i) the aggregate of the fair value of consideration received and the fair value of any retained interest; and (ii) the previous carrying amount of the investment in subsidiary.	
	The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109.	
	Other investments	
	Investments in bonds and 364-day Treasury bills are classified and measured at amortised cost. These investments are initially recognised at fair value plus transaction costs and subsequently measured at amortised cost using the effective interest rate (EIR) method. Interest income is recognised in the Statement of Profit and Loss over the period of the investment.	
	Investments in mutual funds are classified and measured at fair value through profit or loss (FVTPL). These investments are initially recognised at fair value and subsequently measured at fair value at each reporting date. Changes in fair value are recognised in the Statement of Profit and Loss in the period in which they arise.	
2.1	**Foreign Currency transactions**	
	Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency translated into rupees at year-end exchange rates are recognised in Statement of Profit and Loss.	

	Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the Statement of Profit and Loss.	
	Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.	
2.1	**Financial Instruments**	
	A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.	
	Initial recognition:	
	Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.	
	Subsequent measurement:	
(a)	**Financial assets carried at amortised cost:** A financial asset is subsequently measured at amortised cost if the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.	
(b)	**Financial assets carried at fair value through other comprehensive income (FVTOCI):** A financial asset is subsequently measured at fair value through other comprehensive income if the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.	
(c)	**Financial assets carried at fair value through profit or loss (FVTPL):** All other financial assets are subsequently measured at fair value.	
	Financial liabilities at amortised cost: Financial liabilities includes interest bearing	

(d)	loans and borrowings which are subsequently measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.	
	Derecognition of financial assets: The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party or the transfer qualified for derecognition under Ind AS 109.	
	Derecognition of financial liabilities: The Company derecognizes a financial liability when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.	
	Impairment of financial assets: The Company recognizes loss allowances using the Expected Credit Loss (ECL) for the financial assets which are not measured at fair value through profit or loss. In relation to loss allowance for financial assets (excluding trade receivables), ECL's are measured at an amount equal to 12-months ECL, unless there has been significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.	
	For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime ECL.	
2.1	**Derivative financial instruments**	
	The Company enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives include foreign exchange forward contracts, commodity forward contracts, interest rate swaps and cross currency interest rate swaps. Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/ loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Company designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.	

2.1	**Earnings per share**	
	Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares net of treasury shares outstanding during the period.	
	Equity shares that will be issued upon the conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share.	
	For calculating diluted earnings per share, the net profit attributable to equity shareholders and the weighted average number of shares outstanding are adjusted for the effect of all dilutive potential equity shares.	
2.2	**Cash and cash equivalents**	
	Cash and cash equivalents includes cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.	
2.2	**Cash Flow Statement**	
	Cash Flows are reported using indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals and accruals of past or future operating cash receipts and payments and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing, and financing activities of the company are segregated.	
2.2	**Taxation**	
	Income tax expense represents the sum of current tax and deferred tax.	

Current tax

The current tax expense or credit for the year is the tax payable on the current period taxable income based on the applicable enacted income tax rate in accordance with the Income Tax Act, 1961 adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, items that are never taxable / deductible and unused tax losses / tax credits.

Current tax assets and tax liabilities are offset where the entity has a legal enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their corresponding carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction (other than in a business combination) that effects neither accounting profit nor taxable profit. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the balance sheet date and are expected to apply when the related deferred income tax asset is realised, or the deferred tax liability is settled. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

	Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income (OCI) or directly in Equity, in which case, the tax is also recognised in OCI or Equity respectively.	
2.2	**Provisions and Contingent Liabilities**	
	Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligations at the balance sheet date and are not discounted to its present value. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.	
	Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligations or a reliable estimate of the amount cannot be made.	
2.2	**Segment information:**	
	The Company determines reportable segment based on information reported to the Chief Operating Decision Maker (CODM) for the purposes of resource allocation and assessment of segmental performance. The CODM evaluates the company performance and allocates resources based on an analysis of various performance indicators by business segments. The accounting principles used in the preparation of the standalone standalone financial statements are consistently applied to record revenue and expenditure in individual segments (refer note 35).	
2.2	**Operating Cycle/ Current and Non-Current Classification**	
	Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/non-current classification of assets and liabilities.	
	The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is current when it is:	

•	Expected to be realised or intended to be sold or consumed in normal operating cycle.	
•	It is held primarily for the purpose of trading.	
•	Expected to be realised within twelve months after the reporting period, or	
•	Cash or Cash Equivalent.	
	All other assets are classified as non-current.	
	A liability is current when:	
•	It is expected to be settled in normal operating cycle.	
•	It is held primarily for the purpose of trading.	
•	It is due to be settled within twelve months after the reporting period, or	
•	There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.	
	The Company classifies all other liabilities as noncurrent. Deferred tax assets and liabilities are classified as non-current assets and liabilities.	
2.2	**Ordinary/ Treasury Shares**	
	Ordinary shares are classified as Equity when the Company has an unconditional right to avoid delivery of cash or another financial asset, that is, when the dividend and repayment of capital are at the sole and absolute discretion of the Company and there is no contractual obligation whatsoever to that effect.	
	When the Company purchases its ordinary shares through Ofbusiness Employee Welfare Trust, they are treated as treasury shares, and the consideration paid is deducted from the Equity. When the treasury shares are subsequently re-issued, any difference between its carrying amount and consideration received is recognised in share-based-payment reserve.	

2.2	Adoption of new and revised Indian Accounting Standards (Ind As):	
	The Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.	
	During the year ended March 31, 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.	
	On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.	
	On August 13, 2025, MCA notifies the amendments to various Indian Accounting Standards (Ind AS). The key changes relate to: transitional provisions for first-time adopters (including relief for lease classification) in “Ind AS 101 - First-time Adoption of Indian Accounting Standards”; supplier finance arrangements and related disclosure requirements introduced in “Ind AS 107 - Financial Instruments: Disclosures” and “Ind AS 7 - Statement of Cash Flows”; editorial correction in “Ind AS 108 - Operating Segments”; clarification on effective date paragraphs in “Ind AS 109 - Financial Instruments” and consequential updates in references “Ind AS 115 - Revenue from Contracts with Customers”; comprehensive amendments on classification of liabilities as current or non-current (including covenants, right to defer settlement, and related disclosures) in “Ind AS 1 - Presentation of Financial Statements”.	
	The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

Statement of Ind AS compliance [Text Block]

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

Textual information (40)

Disclosure of significant accounting policies [Text Block]

1	**Corporate Information**	
	OFB Tech Private Limited (the 'Company') is a private limited company incorporated in India on 24 August 2015 under the provisions of the Companies Act, 2013. The Company is engaged in trading and manufacturing of products such as steel, cement, polymer, agricultural etc. and selling mainly to small and medium enterprise ("SME") centric B2B business entities. The Company has its registered office changed from New Delhi to Gujarat on 13th August of 2024 and its corporate office at Gurugram, Haryana.	
2	**Material accounting policies**	
2.1	**Basis of preparation and presentation of standalone financial statements**	
	Statement of Compliance	
	The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.	
	Basis of Preparation	
	The standalone financial statements have been prepared on accrual and going concern basis under the historical cost convention except for certain class of financial assets/ liabilities, share based payments and net liability for defined benefit plans that are measured at fair value. The accounting policies have been consistently applied by the Company unless otherwise stated.	

Functional and Presentation Currency

The standalone financial statements have been prepared and presented in Indian Rupees (Rs), which is also the Company's functional currency. All amounts in the financial statement and accompanying notes are presented in 'Lakhs' and have been rounded-off to two decimal places unless stated otherwise.

Fair value measurement

The Company measures financial instruments at fair value at each reporting date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

in the principal market for the asset or liability, or

in the absence of a principal market, in the most advantageous market for the asset or liability.

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

For financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

2.2	**Use of estimates**	
	The preparation of these standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of asset and liabilities, disclosures relating to contingent liabilities as at the date of the standalone financial statements and the reported amounts of income and expense for the period presented.	
	Estimates and underlying assumptions are continually evaluated and reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.	
	Critical accounting estimates and judgements	
	Information about significant areas of estimation and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements are included in the following areas:	
	Compound financial instrument: The Company had issued Compulsorily Convertible Preference Shares and Optionally Convertible Preference Shares on private placement basis which has a fixed to fixed conversion terms. The Company has analysed the conversion terms related to timing of conversion, future cash flows along with other factors and arrived at equity component of these instruments. There is no change in valuation of these compound financial instruments as at the current and previous year end.	
	Impairment testing: The Company has reviewed its carrying value of long term investments in equity shares as disclosed in note- 5A of standalone standalone financial statements at the end of each reporting period, for possible impairment if there are events or changes in circumstances that indicate that carrying amount of assets may not be recoverable. If the recoverable value, which is based upon economic circumstances and future plan is less than its carrying amount, the impairment loss is accounted.	
	Impairment of goodwill: Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a Cash Generating Unit (CGUs) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Key assumptions in the cash flow projections are prepared based on current economic conditions and comprises estimated long term growth rates, weighted average cost of capital and estimated operating margins.	

	Expected credit losses on financial assets: The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.	
	Revenue from contracts with customers: The Company applies judgement in assessing transactions related to principal versus agent considerations, identification of performance obligations, and the determination of any significant financing component in customer contracts. These judgements significantly affect the determination of the amount and timing of revenue recognition for sales of goods and related trading activities.	
	Useful lives of intangible assets: The Company amortises intangible assets on a straight-line basis over estimated useful lives of the assets. The useful life is estimated based on a number of factors including the effects of obsolescence, demand, competition and other economic factors such as the stability of the industry and known technological advances and the level of maintenance expenditures required to obtain the expected future cash flows from the assets. The estimated useful life is reviewed at least annually.	
2.3	**Revenue recognition**	
	Sales are recognized, at transaction price as per terms of agreements with the customers, net of returns and other variable consideration on account of discounts, if any, on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers, which generally coincides with dispatch/ delivery to customers, as applicable. Sales excludes goods and services tax. The Company recognises revenue when the amount of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and degree of managerial involvement associated with ownership or effective control have been met for each of the Company's activities as described below.	
	Sale of traded goods:	
	Revenue is recognized for domestic and export sales of goods on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers as per terms of agreements with the customers. The amount recognised as revenue is net of taxes, sales returns and trade discounts.	
	Principal versus agent considerations:	

	The Company performs assessments on principal versus agent considerations based on the facts of each scenario. The Company is a principal and records revenue on a gross basis when the Company is primarily responsible for fulfilling the sale, has discretion in establishing pricing, and controls the goods before transferring them to customers.	
	Other operating revenue:	
(a)	**Freight / logistics charges and loading & unloading charges**	
	Revenue from freight / logistics charges, loading & unloading charges, is recognised when the goods have been delivered to the buyer's warehouse/location, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration. The amount recognised as revenue is net of taxes and credit notes, if any.	
(b)	**Technical support services**	
	Technical support services are provided by the Company to few of its wholly owned subsidiaries. The Company provides access to its self-developed software applications/customised software packages to these subsidiaries and charges a mark-up of 12% on depreciation, maintenance costs and other direct expenses pertaining to software applications development/technology related development.	
(c)	**Other operating revenue**	
	Revenue from other operating revenue comprised service fees which is recognised when the contracting party(s) does the market place transaction on the Company's platform, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration and when the Company acts as an agent. The amount recognised as revenue is net of taxes, discounts and credit notes, if any.	
	Finance Income:	

	Interest income	
	The Company charges interest from its customers for credit sales. The interest is recognized using time proportion method, based on interest rates agreed with the customers, to the extent there is no uncertainty to its collection.	
	Delayed interest charges	
	The Company charges penalty on the late payment from customers beyond the credit period. Income is recognized when there is no uncertainty to its collection.	
	Other income:	
(a)	Interest Income on fixed deposits.	
(b)	Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, using effective interest rate (EIR) method.	
2.4	**Inventories**	
	Inventories (including goods in transit) are valued at the lower of cost and net realisable value after providing for obsolescence and other losses, when considered necessary. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventory comprises all cost of purchase and other cost incurred in bringing the inventories to the present location and condition. In determining cost, FIFO (First in first out) method is used.	
2.5	**Property, Plant and Equipment**	
	Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any directly attributable cost of bringing	

	the asset to its working condition for its intended use.	
	Depreciation Methods, estimated useful lives and residual value	
	Depreciation commences when the assets are ready for their intended use. Depreciation on property, plant and equipment have been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. The life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:	
	Type of Asset	**Life (in years)**
	Computers	3
	Network Equipment	6
	Office equipment	5
	Furniture and fixtures	10
	Plant and Machinery	15
	Depreciation is provided on a pro-rata basis i.e. from the date on which asset is ready for use. Leasehold improvements are depreciated over the lease term or useful life, whichever is lower.	
	The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.	
	Amortisation of leased assets are over the lease period or useful life as above, whichever is lower.	

2.6	**Intangible assets including Intangible assets under development**	
(a)	**Technology related development cost**	
	Technology related development costs incurred by the Company are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes expenses incurred during the application development stage. The costs related to planning and post implementation phases are expensed as incurred.	
	Expenditure on research activities are recognized in the Statement of Profit and Loss as incurred. Development activities relate to production of new or substantially improved products and processes. Development expenditure is capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalized includes direct labour and overhead costs that are directly attributable to preparing the asset for its intended use.	
	Technology related development assets that are under development and are not yet available for use are tested annually for impairment.	
(b)	**Software**	
	Software acquired by the Company are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes any directly attributable expenses necessary to make the asset ready for use.	
	Amortisation of Intangible Assets" Amortization expense on intangible assets (technology related development, web design & development cost and software) is provided on straight line method based on management's estimated useful life of 5 years. Amortization expense is charged on pro-rata basis for assets purchased / sold during the year. The appropriateness of amortization period and the amortization method is reviewed at each financial year end.	

2.7	**Leases**	
	Where the Company is a lessor	
	Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.	
	Where the Company is a lessee	
	For the lease contracts where the Company is a lessee, it recognizes right-of-use asset and lease liability.	
	Right-of-use assets:	
	At the commencement of lease, right-of-use asset is recognized at cost. Cost comprises of initial measurement of lease liability, lease payments made before commencement date less lease incentives, initial direct costs incurred by the Company and estimate of any dismantling cost.	
	Right-of-use assets are amortized over the lease term as below:	
	Right-of-use assets	**Estimated Useful Life (in no. of years)**
	Right-of-use buildings	2-10
	The right-of-use assets are subsequently measured at cost less accumulated depreciation and any accumulated impairment. Adjustment is made for any remeasurement of lease liability.	

	Lease liability:	
	At the commencement of lease the Company measures the lease liability at the present value of lease payments not paid at commencement date. The lease payments are discounted using the Company's incremental borrowing rate.	
	Lease liability are subsequently increased by interest on the lease liability and reduced by the lease payments. It is adjusted to reflect any reassessment or lease modifications.	
	Short term lease and low value leases:	
	The Company does not recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on an accrual basis over the lease term based on the terms of the lease agreement.	
2.8	**Impairment of tangible and intangible assets**	
	The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. An impairment loss is charged to the Statement of Profit and Loss in the year in which the asset is identified as impaired. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss.	
	Goodwill : Cash generating units to which goodwill is allocated are tested for impairment annually at each balance sheet date, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to that unit and then to the other assets of the unit pro rata on the basis of carrying amount of each asset in the unit. Goodwill impairment loss recognised is not reversed in subsequent period.	
2.9	**Employee Benefits**	
(a)	**Short term employee benefits**	
	Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled	

	wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.	
(b)	**Other long-term employee benefits**	
	These liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services. They are therefore measured as the present value of expected future payments to be made in respect of services provided by the employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.	
	The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer the settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.	
(c)	**Post-employment employee benefits**	
	The Company operates the following post-employment schemes:	
(i)	**Defined contribution plans**	
	The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made at the determined rate as and when services are rendered by the employees. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.	
(ii)	**Defined benefit plans**	
	The Company's Gratuity plan is a defined benefit plan. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit	

	Method.	
	The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.	
	Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.	
	Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefit expenses. Interest cost implicit in defined benefit employee cost is recognised in the Statement of Profit and Loss under employee benefit expenses. Gains or losses on settlement of any defined benefit plan are recognised when the settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.	
(d)	**Share Based Payments:**	
	Equity-settled share based payments to employees are measured at the fair value of the equity instruments at the grant date in accordance with Ind AS 102, ‘Share based payments’. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 40.	
	The fair value determined at the grant date of the equity-settled share based payments is expensed over the vesting period using the graded vesting method, based on the Company’s estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revives its estimate of the number of equity instruments expected to vest. The impact of the original estimates, if any, is recognized in the profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the “Share Option Outstanding Account’ in Other Equity.	
2.1	**Investment in subsidiaries**	
	The investment in subsidiaries are carried at cost as per Ind AS 27. Investment carried at cost is tested for impairment as per Ind AS 36. An investor, regardless of the nature of its involvement with	

an entity (the investee), shall determine whether it is a parent by assessing whether it controls the

	investee. An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Thus, an investor controls an investee if and only if the investor has all the following:	
(a)	power over the investee;	
(b)	exposure, or rights, to variable returns from its involvement with the investee and	
(c)	the ability to use its power over the investee to affect the amount of the investor's returns	
	On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.	
	When the Company loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as difference between (i) the aggregate of the fair value of consideration received and the fair value of any retained interest; and (ii) the previous carrying amount of the investment in subsidiary.	
	The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109.	
	Other investments	
	Investments in bonds and 364-day Treasury bills are classified and measured at amortised cost. These investments are initially recognised at fair value plus transaction costs and subsequently measured at amortised cost using the effective interest rate (EIR) method. Interest income is recognised in the Statement of Profit and Loss over the period of the investment.	
	Investments in mutual funds are classified and measured at fair value through profit or loss (FVTPL). These investments are initially recognised at fair value and subsequently measured at fair value at each reporting date. Changes in fair value are recognised in the Statement of Profit and Loss in the period in which they arise.	
2.1	**Foreign Currency transactions**	
	Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency translated into rupees at year-end exchange rates are recognised in Statement of Profit and Loss.	

	Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the Statement of Profit and Loss.	
	Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.	
2.1	**Financial Instruments**	
	A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.	
	Initial recognition:	
	Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.	
	Subsequent measurement:	
(a)	**Financial assets carried at amortised cost:** A financial asset is subsequently measured at amortised cost if the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.	
(b)	**Financial assets carried at fair value through other comprehensive income (FVTOCI):** A financial asset is subsequently measured at fair value through other comprehensive income if the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.	
(c)	**Financial assets carried at fair value through profit or loss (FVTPL):** All other financial assets are subsequently measured at fair value.	
	Financial liabilities at amortised cost: Financial liabilities includes interest bearing	

(d)	loans and borrowings which are subsequently measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.	
	Derecognition of financial assets: The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party or the transfer qualified for derecognition under Ind AS 109.	
	Derecognition of financial liabilities: The Company derecognizes a financial liability when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.	
	Impairment of financial assets: The Company recognizes loss allowances using the Expected Credit Loss (ECL) for the financial assets which are not measured at fair value through profit or loss. In relation to loss allowance for financial assets (excluding trade receivables), ECL's are measured at an amount equal to 12-months ECL, unless there has been significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.	
	For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime ECL.	
2.1	**Derivative financial instruments**	
	The Company enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives include foreign exchange forward contracts, commodity forward contracts, interest rate swaps and cross currency interest rate swaps. Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/ loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Company designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.	

2.1	**Earnings per share**	
	Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares net of treasury shares outstanding during the period.	
	Equity shares that will be issued upon the conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share.	
	For calculating diluted earnings per share, the net profit attributable to equity shareholders and the weighted average number of shares outstanding are adjusted for the effect of all dilutive potential equity shares.	
2.2	**Cash and cash equivalents**	
	Cash and cash equivalents includes cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.	
2.2	**Cash Flow Statement**	
	Cash Flows are reported using indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals and accruals of past or future operating cash receipts and payments and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing, and financing activities of the company are segregated.	
2.2	**Taxation**	
	Income tax expense represents the sum of current tax and deferred tax.	

Current tax

The current tax expense or credit for the year is the tax payable on the current period taxable income based on the applicable enacted income tax rate in accordance with the Income Tax Act, 1961 adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, items that are never taxable / deductible and unused tax losses / tax credits.

Current tax assets and tax liabilities are offset where the entity has a legal enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their corresponding carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction (other than in a business combination) that effects neither accounting profit nor taxable profit. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the balance sheet date and are expected to apply when the related deferred income tax asset is realised, or the deferred tax liability is settled. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

	Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income (OCI) or directly in Equity, in which case, the tax is also recognised in OCI or Equity respectively.	
2.2	**Provisions and Contingent Liabilities**	
	Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligations at the balance sheet date and are not discounted to its present value. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.	
	Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligations or a reliable estimate of the amount cannot be made.	
2.2	**Segment information:**	
	The Company determines reportable segment based on information reported to the Chief Operating Decision Maker (CODM) for the purposes of resource allocation and assessment of segmental performance. The CODM evaluates the company performance and allocates resources based on an analysis of various performance indicators by business segments. The accounting principles used in the preparation of the standalone standalone financial statements are consistently applied to record revenue and expenditure in individual segments (refer note 35).	
2.2	**Operating Cycle/ Current and Non-Current Classification**	
	Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/non-current classification of assets and liabilities.	
	The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is current when it is:	

•	Expected to be realised or intended to be sold or consumed in normal operating cycle.	
•	It is held primarily for the purpose of trading.	
•	Expected to be realised within twelve months after the reporting period, or	
•	Cash or Cash Equivalent.	
	All other assets are classified as non-current.	
	A liability is current when:	
•	It is expected to be settled in normal operating cycle.	
•	It is held primarily for the purpose of trading.	
•	It is due to be settled within twelve months after the reporting period, or	
•	There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.	
	The Company classifies all other liabilities as noncurrent. Deferred tax assets and liabilities are classified as non-current assets and liabilities.	
2.2	**Ordinary/ Treasury Shares**	
	Ordinary shares are classified as Equity when the Company has an unconditional right to avoid delivery of cash or another financial asset, that is, when the dividend and repayment of capital are at the sole and absolute discretion of the Company and there is no contractual obligation whatsoever to that effect.	
	When the Company purchases its ordinary shares through Ofbusiness Employee Welfare Trust, they are treated as treasury shares, and the consideration paid is deducted from the Equity. When the treasury shares are subsequently re-issued, any difference between its carrying amount and consideration received is recognised in share-based-payment reserve.	

2.2	Adoption of new and revised Indian Accounting Standards (Ind As):	
	The Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.	
	During the year ended March 31, 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.	
	On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.	
	On August 13, 2025, MCA notifies the amendments to various Indian Accounting Standards (Ind AS). The key changes relate to: transitional provisions for first-time adopters (including relief for lease classification) in “Ind AS 101 - First-time Adoption of Indian Accounting Standards”; supplier finance arrangements and related disclosure requirements introduced in “Ind AS 107 - Financial Instruments: Disclosures” and “Ind AS 7 - Statement of Cash Flows”; editorial correction in “Ind AS 108 - Operating Segments”; clarification on effective date paragraphs in “Ind AS 109 - Financial Instruments” and consequential updates in references “Ind AS 115 - Revenue from Contracts with Customers”; comprehensive amendments on classification of liabilities as current or non-current (including covenants, right to defer settlement, and related disclosures) in “Ind AS 1 - Presentation of Financial Statements”.	
	The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.	

[610300] Notes - Accounting policies, changes in accounting estimates and errors

45. Financial Instrument				
(i) Financial Instruments by category				
The criteria for recognition of financial instruments is explained in significant accounting policies in Note No. 2.12				
Particulars	**As at 31 March 2025**		**As at 31 March 2024**	
	Amortised cost	**Fair value through Profit or loss**	**Amortised cost**	**Fair value through Profit or loss**
Investments (other than investments at cost)	80,525.88	718.79	1,37,892.39	718.79
Trade receivables	1,09,681.48	-	1,22,139.59	-
Cash and Cash Equivalents	74,969.06	-	15,341.66	-
Bank balances other than above	1,424.77	-	580.05	-
Loans	1,65,300.22	-	1,32,169.00	-
Other Financial Assets	5,393.22	3,142.51	5,897.51	3,165.69
Total Financial Assets	**4,37,294.63**	**3,861.30**	**4,14,020.20**	**3,884.48**

Borrowings	1,34,618.62	-	1,22,321.11	-
Trade Payables	19,700.72	-	15,365.54	-
Other Financial liabilities	2,356.28	188.41	1,121.24	-
Lease Liabilities	2,881.37	-	3,584.24	-
Total Financial Liabilities	**1,59,556.99**	**188.41**	**1,42,392.13**	-
The Company consider that the carrying amounts of financial assets and financial liabilities recognised in the financial statement are approximate to their fair values.				
Derivative financial instruments				
a.) The Company has taken the derivative instruments:				
Particulars	**As at 31 March 2025**		**As at 31 March 2024**	
Commodity forward instruments	724.14		359.41	
No. of commodity forward instruments	5		5	

b.) The outstanding foreign currency derivative contracts as at 31st March, 2025 & 31st March, 2024 in respect of					

various types of derivative						

hedge instruments and nature of risk being hedged are as follows :					
Forward derivative contracts in respect of Imports/Export and Other Payables/receivable :					
Particulars	**Currency**	**Foreign Currency**	**Rs. in Lakhs**	**Foreign Currency**	**Rs. in Lakhs**
		in Lakhs		**in Lakhs**	
		As at 31 March 2025		**As at 31 March 2024**	
Forward Contracts					
Trade Payables	USD	153.12	13,087.88	31.34	2,612.77
Trade Receivables	EURO	1	92.09	-	-
Trade Receivables	USD	-	-	37.91	3,160.56
c.) Foreign currency exposures not covered by derivative instruments or otherwise as at 31st March, 2025 & 31st March, 2024 are as under :					
Particulars	**Currency**	**Foreign Currency**	**Rs. in Lakhs**	**Foreign Currency**	**Rs. in Lakhs**
		in Lakhs		**in Lakhs**	

		As at 31 March 2025		**As at 31 March 2024**	
Trade Payables	USD	-		39.4	3,284.81
	AED	26.66	620.29	-	-
Advance to suppliers	USD	7.11	607.33	15.61	1,296.38
	AED	83.79	1,949.91	1.3	28.68
Advance from Customers	USD	1.41	120.6	0.07	5.55
Trade Receivables	USD	6.62	578.95	-	-
	EURO	-	-	-	-
(ii) Fair value hierarchy					
This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the					

reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under							

the accounting standard. An explanation of each level follows underneath the table.					
Measurement of fair values					
The different levels of fair value have been defined below:					
Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and traded bonds that have quoted price.					
Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.					
Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments. This level includes derivative MTM assets/liabilities.					
There have been no transfers in either direction for the years ended 31 March 2025 and 31 March 2024.					

Fair value of the Company's financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)					
Except as detailed out in the following table, the management considers that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.					
Particulars	**Level**	**As at 31 March 2025**		**As at March 31, 2023**	
		Carrying amount	**Fair value**	**Carrying amount**	**Fair value**
Investments (other than investments at cost)	3	81,244.67	81,244.67	1,38,611.18	1,38,611.18
Trade receivables	2	1,09,681.48	1,09,681.48	1,22,139.59	1,22,139.59
Cash and Cash Equivalents	1	74,969.06	74,969.06	15,341.66	15,341.66
Bank balances other than above	1	1,424.77	1,424.77	580.05	580.05
Other financial assets	2	8,535.73	8,535.73	9,063.20	9,063.20
Total Financial assets		**2,75,855.71**	**2,75,855.71**	**2,85,735.68**	**2,85,735.68**
Borrowings	3	1,34,618.62	1,34,618.62	1,22,321.11	1,22,321.11

Disclosure of defined benefit plans [Text Block]

36. Employee Benefits - Post employment benefit plans

Defined Contribution Plans

The Company makes contributions, determined as specified percentage of employee salaries in respect of qualifying employees towards provident fund which are defined contribution plans. The Company has no obligation other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The amount recognised as expense towards contribution to provident fund and labour welfare fund aggregated to Rs. 254.61 lakhs (Previous Year Rs.241.24 lakhs) (refer note no 27).

Defined benefit plans

The Gratuity amount has been computed based on respective employee's salary and the years of employment with the Company. Gratuity has been accrued based on actuarial valuation as at the balance sheet date, carried by an independent actuary. The Company has a gratuity plan covering certain qualifying employees and for others it is unfunded gratuity Scheme.

The following table sets forth the status of the Gratuity plan of the Company and the amounts recognised in the Balance Sheet and the Statement of Profit and Loss -

A. Gratuity - Funded

I. Net liability recognised in the Balance Sheet		

Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Present value of defined benefit obligation	542.63	337.72
Net Liability recognised in Balance Sheet	**542.63**	**337.72**
II (A). Expense recognised in the Statement of Profit and Loss		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Current Service Cost	200.26	198.1
Interest Expense or Cost	41.96	32.46
Return on plan assets	-14.56	-12.31
Expense recognised in the Statement of Profit and Loss	**227.66**	**218.25**
II (B). Remeasurement recognised in the Other Comprehensive Income		
	For the year ended	**For the year ended**

Particulars	31 March 2025	31 March 2024
Actuarial (gains)/ losses		
- Change in demographic assumptions	4.82	-42.57
- Change in financial assumptions	40.5	30.67
- experience variance (i.e. Actual experience vs assumptions)	-24.16	-111.34
- return on plan assets	-	-
Remeasurement recognised in the Other Comprehensive Income	**21.16**	**-123.24**
III. Movement in the present value of Defined Benefit Obligation		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Changes in Defined Benefit Obligation		
Present value of defined benefit obligation at the beginning of the year	541.53	446.08
Interest cost	41.96	32.46
Current service cost	200.26	198.1
Re-measurement (or Actuarial) (gain) / loss arising from:		
- Change in demographic assumptions	4.82	-42.57

- Change in financial assumptions	40.5	30.67
- Experience adjustment (i.e. Actual experience vs assumptions)	-24.16	-111.34
Benefits paid	-27.64	-10
Adjustment on transfer in/ (out)	6.53	-1.87
Present value of defined benefit obligation as at end (Gross)	**783.8**	**541.53**
Fair Value of Plan Assets	-241.17	-203.81
Present value of defined benefit obligation as at end (Net)	**542.63**	**337.72**
IV. Movement in the fair value of plan assets		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Opening fair value of plan assets	**203.81**	**162.87**
Employer contribution	50	38.63
Return on plan assets	15	12.31
Benefits paid	-27.64	-10
Closing fair value of plan assets	**241.17**	**203.81**

V. Bifurcation of Present Value of Obligation at the end of the year		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Current liability (Short term)	40.99	27.93
Non-current liability (Long term)	501.64	309.79
Total	**542.63**	**337.72**

VI.Net movement in present value of obligation in the last five years			
Particulars	**Present value of obligation at the end of year**	**Fair value of plan assets at the end of year**	**Surplus / (Deficit)**
For the year ended 31 March 2025	783.8	241.17	-542.63
For the year ended 31 March 2024	541.53	203.66	-337.87
For the year ended	446.08	162.87	-283.21
31-Mar-23			
For the year ended	277.21	69.4	-207.81
31-Mar-22			
For the year ended	128.07	-	-128.07

31-Mar-21			

VII. Principal Actuarial Assumptions		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Actuarial assumptions for Gratuity		
Discount rate	6.70%	7.15%
Salary escalation rate (per annum)	9.00%	9.00%
Retirement age	60 years	60 years
Mortality rate	IALM (2012-14)	IALM (2012-14)
Withdrawal rate		
-Up to 30 years	12.00%	12.42%
-31-44 years	9.00%	9.26%
-Above 44 years	2.00%	0.94%
The estimates of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Assumptions regarding mortality are based on published statistics and mortality tables. The calculation of the defined benefit obligation is sensitive to the mortality assumptions.		

VIII. Sensitivity Analysis		
The key actuarial assumptions to which the benefits benefit obligation results are particularly sensitive to are discount rate, future salary escalation rate, attrition rate and mortality rate. Sensitivity of gross defined obligation as mentioned above, in case of change of significant assumptions would be as under:		
Particulars	**For the year ended 31 March 2025**	
	Decrease (In lakhs)	**Increase (In lakhs)**
Discount Rate (-/+1%)	886.72	699.08
Salary Growth Rate (-/+1%)	721.36	848.89
Attrition Rate (-/+50% of attrition rates)	836.54	742.55
Mortality Rate (-/+10% of mortality rates)	783.71	783.9
Particulars	**For the year ended 31 March 2024**	
	Decrease (In lakhs)	**Increase (In lakhs)**

Discount Rate (-/+1%)	614.97	481.3
Salary Growth Rate (-/+1%)	494.46	591.76
Attrition Rate (-/+50% of attrition rates)	583.73	507.77
Mortality Rate (-/+10% of mortality rates)	541.44	541.61
B. Long term Employee Benefits (Compensated Absences)		
I. Principal Actuarial Assumptions		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Actuarial assumptions for Long term Employee Benefits (Compensated Absences)		
Discount rate	6.70%	7.15%
Salary Escalation Rate (per annum)	9.00%	9.00%
II. Expense recognised in the Statement of Profit and Loss		
	For the year	**For the year**

Particulars	ended 31 March 2025	ended 31 March 2024
Present value of defined benefit obligation at the beginning of the year	190.11	165.31
Present value of defined benefit obligation at the end	214.58	190.11
Benefit payment	44.02	40.38
Adjustment on transfer in/ (out)	0.04	-1.24
Expense recognised in the Statement of Profit and Loss	**68.46**	**66.42**
III. Bifurcation of Present Value of Obligation at the end of the year		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Current liability (Short term)	17.33	16.51
Non- current liability (Long term)	197.25	173.6
Amount recognized in the Balance Sheet	**214.58**	190.11

Disclosure of share-based payment arrangements [Text Block]

40. Equity Stock based payments

a. Employee stock based compensation

The excess of value of underlying equity shares as of the date of the grant of options over the exercise price of the options given to employees and the employees of subsidiary Company under the employee stock option plan amortized over the vesting period using graded vesting method.

Employee Stock Based Payments

The Company has adopted Ind AS 102 Share-based Payments". The standard is applicable for all employee share-based payment plans, and also applies to transfers of stock options of the parent of the enterprise to the employees of the enterprise.

Stock compensation expense under the Fair Value Method has been determined based on fair value of the stock options. The fair value of stock options was determined using the Black Scholes option pricing model with the following assumptions:

b. Employee Stock Option Plan ("ESOP")

Ofbusiness Stock Option Plan, 2016

OFB Tech Private Limited ('OFB'), the holding Company, has a Ofbusiness Stock Options Plan, 2016 ('ESOP 2016 Plan'), which was duly approved by the Shareholder of the OFB in the Extraordinary General Meeting held on 8 April 2016. ESOP 2016 Plan is administered by Compensation Committee and in the absence of such Committee, the Board of Directors of OFB ensures the administration of the ESOP 2016 Plan. The stock options granted are categorized as equity settled and have a graded vesting.

During the year, certain employees of the Company were transferred to/from the other subsidiaries. To align the interest of employees, it was determined that transferred employees, may continue to participate in the ESOP 2016 Plan of the Company and accordingly they are entitled to equity shares of the Company.

The following options were in existence during the current and prior years:

For the year ended 31 March 2025

* On 25 June 2021, the Company has made sub-division of equity shares from Rs. 10 each to Re 1 each. Accordingly equity shares have been sub-divided in the ratio of 10:1. Further, the Company has made bonus issuance in the ratio of 2120:1 on 05 July 2021. All ESOP outstanding as on 05 July 2021 has been adjusted in terms of the following clause in ESOP plan:

In the event of corporate actions such as consolidation, right issues, stock split, bonus issues, the Compensation Committee may formulate detailed terms and conditions regarding the procedure for making a fair and reasonable adjustment to the number of options and to the exercise price. In this regard, the Compensation Committee shall take into account the following:

(i) the number and the exercise price of options shall be adjusted in a manner such that total value of the options remains the same after the corporate action;

(ii) for this purpose global best practices in this area including the procedures followed by the derivate markets in India and abroad shall be considered;

(iii) the vesting period and the life of the options shall be left unaltered as far as possible to protect the rights of the employee.

Vesting Period - As determined by Compensation Committee subject to minimum of 1 year and maximum of 4 years from the grant date.

Exercise Period - The options vest at various dates over the period of one to four year from the date of grant. The options expire within 7 years for grants issued upto April 1, 2018 and 3 years for grants issued after April 1, 2018 from the date of each vesting.

Exercise Price - Exercise price shall be determined by Compensation Committee and specified in Grant letter's but it shall not be less than the face value of shares of the Company.

Vesting Conditions - Vesting of option is a function of achievement of performance criteria or any other criteria as specified by Compensation Committee and communicated in the grant letter. Further, the vesting takes place on staggered basis over the respective vesting period.

Fair value of options granted

The weighted average fair value of stock options granted during the year pertaining to ESOP 2016 plan is INR. 56.13 (Previous year INR. 60.78). The fair value at grant date is determined using the Black- Scholes model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option. The following tables list the inputs used for fair valuation of options for the ESOP plans.

Particulars	For options granted during the year ended	
	31-Mar-25	31-Mar-24
Dividend yield (%)	0.00%	0.00%
Expected volatility (%)	28%-30%	35%-40%
Risk free interest rate (%)	6.8%-7.2%	7.30%
Expected life of share options (years)	2-2.8 Years	4.2
Fair value of options at grant date (Rs.)	33.90 -225	60.40-60.80
Fair value of share at grant date (Rs.)	251.5-270.9	211.5-226.1

Exercise price (Rs.)	30.60-306.46	317
Effect of share-based payment transactions on the entity's Profit or Loss:		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Expense arising from equity-settled share-based payment transactions (Refer note 27)	950.25	1,274.47
Total expense arising from share-based payment transactions recognised in Statement of Profit and Loss	**950.25**	**1,274.47**

The details of activity under the ESOP Plans have been summarised below:

INDEPENDENT AUDITOR’S REPORT

To The Members of OFB Tech Private Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **OFB Tech Private Limited** (”the Parent Company”) and its subsidiaries, (the Parent Company and its subsidiaries together referred to as “the Group”) which comprise the Consolidated Balance Sheet as at March 31, 2025, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (“SAs") specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraph (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Information Other than the Financial Statements and Auditor’s Report Thereon

• The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

• Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

• In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by the other auditors.

• If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive loss, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of

assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

• Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

• Obtain sufficient appropriate audit evidence regarding the financial information of the, entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and

significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

• We did not audit the consolidated financial statement of 1 subsidiary comprising of 6 subsidiaries and standalone financial statements of 25 subsidiaries whose financial statements reflect total assets of Rs. 14,64,835.54 lakhs as at March 31, 2025, total revenues of Rs. 7,90,899.31 lakhs and net cash inflows amounting to Rs. 18,169.72 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company‘s management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company‘s management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

• We did not audit the financial statements of 1 subsidiary, whose financial statements reflect total assets of Rs. NIL as at March 31, 2025, total revenues of Rs. NIL and net cash inflows/ (outflows) amounting to Rs. NIL for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:

• We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

• In our opinion, proper books of account as required by law maintained by the Group including relevant records relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except (a) for not keeping backup on a daily basis of such books of account maintained in electronic mode in a server physically located in India by 6 of its subsidiaries (refer Note 57 to the consolidated financial statements) and (b) in relation to compliance with the requirements of audit trail, refer paragraph (i) (vi) below.

• The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

• In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

• On the basis of the written representations received from the directors of the Parent Company as on March 31, 2025 taken on record by the Board of Directors of the Parent Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

• The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

• With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure A” which is based on the auditors’ reports of the Parent company and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.

• With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended, based on the auditor’s reports of 5 subsidiary companies incorporated in India, the remuneration paid by such subsidiary companies to their respective directors during the year is in accordance with the provisions of section 197 of the Act. Further, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor’s reports of the subsidiary companies incorporated in India other than the 5 subsidiary companies reported above, the Parent Company and said subsidiary companies being private companies, section 197 of the Act related to the managerial remuneration is not applicable.

• With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

• The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. Refer note 39(a) & 56.1 (a) to the consolidated financial statements.

• Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

• There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent, and its subsidiary companies incorporated in India.

• (a) The respective Managements of the Parent Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, other than as disclosed in the note 59.1 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

• The respective Managements of the Parent Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, other than as disclosed in the note 59.2 to the consolidated financial statements, no funds have been received by the Parent Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

• Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

• The Parent Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have not declared or paid any dividend during the year and have not proposed final dividend for the year.

• Based on our examination, which included test checks, and based on the other auditor's reports of its subsidiary companies incorporated in India whose financial statements have been audited under the Act, except for the instances mentioned below, the Parent Company and its subsidiary companies have used an accounting software for maintaining their respective books of account for the year ended March 31, 2025, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software.

• In respect of the Parent Company audit trail feature for one accounting software used for maintaining the revenue records and the purchase records, audit trail feature was not enabled at the database level to log any direct data changes, and the software did not have a feature to log the enabling/ disabling of the audit trail feature at the application level. (Refer note 57 (A) of the consolidated financial statements).

• In respect of four subsidiary companies, the audit trail was not operated and enabled at application level from September 1, 2024 to November 21, 2024, at database level the audit trail was not enabled throughout the year and change logs do not capture individual user activities as reported by the respective other auditors. (Refer note 57 (B) of the consolidated financial statements).

• In respect of a subsidiary company, the audit trail feature was not enabled for certain tables at the application level and the audit trail feature was not enabled at the database level to log any direct data changes, further the accounting software used for maintenance of books of accounts of the subsidiary company is operated by a third-party software service provider. In the absence of any information on existence of audit trail (edit logs) for any direct changes made at the database level in the 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ("Type 2 report" issued in accordance with ISAE 3402, Assurance Reports on Controls at a Service Organisation), other auditor was unable to comment on whether audit trail feature with respect to the database of the said software was enabled and operated throughout the year as reported by the other auditor. (Refer note 57 (C) of the consolidated financial statements).

• In respect of a subsidiary company, the audit trail was not enabled for certain critical tables at application level throughout the year & not enabled at the database level to log any direct data changes. (Refer note 57 (D) of the consolidated financial statements).

• In respect of a subsidiary company, the audit trail was not enabled at the ERP level, it could not be verified whether the audit trail was enabled and operational throughout the year, as the system does not indicate when it was enabled or disabled & not enabled at the database level to log any direct data changes as reported by the other auditor. (Refer note 57 (E) of the consolidated financial statements).

• In respect of a subsidiary company, the audit trail was not operated and enabled at application level from November 22, 2024 in one ERP and from January 23, 2025 in another ERP, at database level the audit trail was not enabled throughout the year as reported by the other auditor. (Refer note 57 (F) of the consolidated financial statements).

Further, during the course of audit, we and the respective other auditors, whose reports have been furnished to us by the Management of the Parent Company, have not come across the audit trail feature being tampered with in respect of accounting software for the period for which the audit trail feature was operating, except in respect of one ERP software of parent and one subsidiary.

Additionally, audit trail that was enabled and operated for the year ended March 31, 2024, has been preserved by the Company and above referred parent and subsidiaries as per the statutory requirements for record retention, as stated in Note 57 to the consolidated financial statements.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO" or "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under the order is applicable, as provided to us by the Management of the Parent Company, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said respective companies included in the consolidated financial statements except for the following:

Date: November 28, 2025 UDIN: 25106189BMNRMT6622 **ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT (Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

In conjunction with our audit of the consolidated financial statements of the Company as at and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of **OFB Tech Private Limited** (hereinafter referred to as "Parent") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The respective Company's management and Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on "the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent and, its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on "the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to 21 subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

Disclosure of significant accounting policies [Text Block]

1	**Group Overview**
	OFB Tech Private Limited (the 'Company' or 'Parent Company') is a private limited company incorporated in India on 24th August 2015 under the provisions of the Companies Act, 2013. The Consolidated financial statements of the Company as at and for the year ended on 31 March 2025 comprise the Company and its subsidiaries (together referred to as "the Group"). The Company has its registered office at New Delhi and its corporate office at Gurugram, Haryana.
	The Group is engaged in following activities through parent & its subsidiaries: -
	Trading: The Group engaged in trading of products such as steel, cement, polymer, agriculture products, etc. to small and medium enterprise ("SME") centric B2B business entities through the Parent and subsidiaries.
	Financial Services: The Group is engaged in non-banking financing activities without accepting deposits through the Subsidiary Company, Oxyzo Financial Services Limited (OXYZO). The subsidiary company (OXYZO) has obtained a Certificate of Registration vide Certificate No. N-14.03380 from the Reserve Bank of India ("RBI") on 18 October 2017 to commence / carry on the business of Non-Banking Finance Company ("NBFC") without accepting deposits. The subsidiary company (OXYZO) has listed its non-convertible debentures on the Bombay Stock Exchange ("BSE").
	Manufacturing: The Group is engaged in manufacturing of products such as steel, aluminum foils, chemicals, AAC Blocks, bitumen, emulsion, packaging material , edible oils , pickled gherkins and textiles etc. through the Parent and subsidiary Companies.
	Others: The Group is engaged in the business of Processing of agri products and subcontracting the construction works contract including extending services to discover latest tenders via BidAssist portal or mobile apps to SME and providing real time solution for tracking construction cost through subsidiary Companies.
2	**Material accounting policies**

2.1	**Basis of preparation and presentation of Consolidated Financial Statements**
	Statement of Compliance
	The Consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.
	Principal of Consolidation
	The consolidated financial statements relate to OFB Tech Private Limited (‘the Parent Company’) and its subsidiary companies. The consolidated financial statements have been prepared on the following basis:
	a) The financial statements of the subsidiary companies used in the consolidation are drawn upto the same reporting date as that of the Parent company i.e., 31 March, 2025.
	b) The financial statements of the parent company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
	c) Goodwill arising on acquisition is recognised as an asset and measured at cost and is tested for impairment on annual basis, being the excess of the consideration transferred in the business combination over the Group’s interest in the net fair value of the identifiable assets acquired, liabilities assumed.
	Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, the excess is recognised as capital reserve on consolidation and shown under the head 'Reserves & Surplus', in the consolidated financial statements.
	d) Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group’s equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests’ proportionate share of the fair value of the acquiree’s identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying value of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests’ share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interests having a deficit balance.
	e) Changes in the Group's ownership interests in existing subsidiaries
	Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the

	subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.
	When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/ permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.
	f) As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.
	g)Following subsidiary companies has been considered for preparation of consolidated financial statements.

	*The Parent Company by virtue of control, has consolidated ZFirst Technologies Private Limited and Candor Dates Private Limited as subsidiary company.

	#Samruddhi Organic Farms Vietnam Company Limited (SOFVCL) was incorporated on 17th July,2024 but till date no amount of capital contribution been made. Samruddhi Organic Farm India Private Limited (subsidiary) has determined control over the stated subsidiary company as per the provisions of IND-AS 110. As per Board Resolution dated 5th May,2025, board has decided to dissolve the aforesaid SOFVCL and for the closer, required documents/forms have been filed.
	The consolidated financial statements of the Company as at and for the year ended on 31 March 2025 and 31 March 2024, respectively comprise the parent company and its subsidiaries.
	Basis of Preparation
	The Consolidated financial statements have been prepared on accrual and going concern basis under the historical cost convention except for certain class of financial assets/ liabilities, share based payments and net liability for defined benefit plans that are measured at fair value. The accounting policies have been consistently applied by the Group unless otherwise stated.
	Functional and Presentation Currency
	The Consolidated financial statements have been prepared and presented in Indian Rupees (Rs), which is also the Company's functional currency. All amounts in the consolidated financial statement and accompanying notes are presented in 'Lakhs' and have been rounded-off to two decimal places unless stated otherwise.
	Fair value measurement
	The Group measures financial instruments at fair value at each reporting date.
	The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
	• in the principal market for the asset or liability, or

	• in the absence of a principal market, in the most advantageous market for the asset or liability.
	Certain accounting policies and disclosures of the Group require the measurement of fair values, for both financial and non-financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values.
	For financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:
	• Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at
	the measurement date;
	• Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either
	directly or indirectly; and
	• Level 3 inputs are unobservable inputs for the asset or liability.
	The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.
2.2	**Use of estimates**
	The preparation of these consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Group to make estimates and assumptions that affect the reported balances of asset and liabilities, disclosures relating to contingent liabilities as at the date of the consolidated financial statements and the reported amounts of income and expense for the period presented.
	Estimates and underlying assumptions are continually evaluated and reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical accounting estimates and judgements

Information about significant areas of estimation and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements are included in the following areas:

• **Useful lives of tangible and intangible assets:** The Group amortises tangible and intangible assets over estimated useful lives of the assets. The useful life is estimated based on a number of factors including the effects of obsolescence, demand, competition and other economic factors such as the stability of the industry and known technological advances and the level of maintenance expenditures required to obtain the expected future cash flows from the assets. The estimated useful life is reviewed at least annually.

• **Impairment of financial assets:** The Group has reviewed its carrying value of long term investments in equity shares and loans and advances in the consolidated financial statements at the end of each reporting period, for possible impairment if there are events or changes in circumstances that indicate that carrying amount of assets may not be recoverable. If the recoverable value, which is based upon economic circumstances and future plan is less than its carrying amount, the impairment loss is accounted.

•**Expected credit losses on financial assets** : The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

•**Recognition of deferred tax assets:** The Group has recognized deferred tax assets/(liabilities) and concluded that the deferred tax assets specifically on unused tax losses and tax credits, will be recoverable using the estimated future taxable income based on the experience and future projections. The group is expected to generate adequate taxable income for liquidating these assets in due course of time. (Refer note no. 8A and 8B)

•**Effective interest rate method:** The Group EIR methodology, recognizes interest income/ expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

• **Accounting for investment in other equity investments:** The Group evaluates if it has control, joint control or significant influence in its investee by analyzing the contractual terms specified in the share

purchase agreement and if it has power to direct or exert significant influence over relevant activities. Investments

	including investments in compulsory convertible preference shares which meets the definition of Equity as specified in Ind AS 32, where the Group has control, joint control or significant influence are accounted for in accordance with Ind AS 110, 111 or Ind AS 28 respectively.
	Investments, where the Group does not have control, joint control or significant influence, the Group further evaluates it's investments, which are in the form of equity shares are accounted in accordance with Ind AS 27. (refer note no. 5A)
	• **Impairment of goodwill :** Goodwill recognised on business combination is tested for impairment on annual basis or whenever there is an indication that the recoverable amount of the cash generating unit (CGU) is less than the carrying amount. The calculation of value in use of a CGU involves use of significant assumptions including future economic and market conditions
	Goodwill and intangible assets with indefinite lives have been allocated to the respective CGUs which are determined at the entity level. For further details refer note no. 3(d).
	• **Business combinations :** As disclosed in note 2.1 (g), control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. In cases, where the Group holds less than half of the voting rights of an investee, significant judgement is required by management to determine whether the Group has control over the investee.
	Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value on the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.
	Further details about business combinations are given in note 54A and 54B.
	• **Compound financial instrument:** The Group had issued Compulsorily Convertible Preference Shares and Optionally Convertible Preference Shares on private placement basis which has a fixed to fixed conversion terms. The Group has analysed the conversion terms related to timing of conversion, future cash flows along with other factors and arrived at equity component of these instruments.There is no change in valuation of these compound financial instrument as the current and previous year end.
2.3	**Revenue recognition**
	Sales are recognized, at transaction price as per terms of agreements with the customers, net of sales returns and other variable consideration on account of discounts, if any, on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers, which generally coincides with dispatch/ delivery to

customers, as applicable. Sales excludes goods and services tax. The Group recognises revenue when the amount

	of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and degree of managerial involvement associated with ownership or effective control have been met for each of the Group's activities as described below.
	• In respect of trading and manufacturing business
	Sale of traded and manufacturing goods:
	Revenue is recognized for domestic and export sales of goods on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers as per terms of agreements with the customers. The amount recognised as revenue is net of taxes, sales returns and trade discounts.

Other operating revenue:	
(a)	**Freight / logistics charges and loading & unloading charges**
	Revenue from freight / logistics charges, loading & unloading charges, is recognised when the goods have been delivered to the buyer's warehouse/location, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration. The amount recognised as revenue is net of taxes and credit notes, if any
(b)	**Other operating revenue**
	Revenue from other operating revenue comprised service fees which is recognised when the contracting party(s) does the market place transaction on the Group's platform, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration and when the Group acts as an agent. The amount recognises revenue net of taxes, discounts and credit notes, if any.

Finance Income:
Interest income
The Group charges interest from its customers for credit sales. The interest is recognized using time proportion method, based on interest rates implicit in the transaction.

Delayed interest charges

The Group charges penalty on the late payment from customers beyond the credit period. Income is recognized when there is no uncertainty to its collection.

- **In respect of financial service business**

Interest income

Interest income is recognised in the Statement of Profit and Loss and for all financial instruments (except for those classified as held for trading or those measured or designated as at fair value through profit or loss (FVTPL)) is measured using the effective interest method (EIR).

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts. For financial assets at FVTPL transaction costs are recognised in profit or loss at initial recognition.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses (ECLs)). For financial assets originated or purchased credit-impaired (POCI) the EIR reflects the ECLs in determining the future cash flows expected to be received from the financial asset.

Penal interest charged on delayed payment is recognized on realization basis.

- **In respect of construction business**

Revenue from contract manufacturing

Revenue recognition from the contract manufacturing where the performance obligations are satisfied over period of time, is based on “percentage of completion method”. Percentage of completion is determined based upon actual cost incurred to-date as percentage of the total estimated cost required to complete the project. The cost expended (or input method) has been used to measure the progress towards completion as there is direct relationship between input and productivity.

If the group is not able to reasonably measure the progress of completion, revenue is recognised only to the extent of cost incurred for which recoverability is probable.

Revenue is recognized and measured at the fair value of the consideration received or receivable, to the extent it is probable that the economic benefits will flow to the group and the revenue can be reliably measured. The Group collects goods and services tax (GST) on behalf of the government and therefore, these are not economic benefits flowing to the group and hence, excluded from revenue.

Other operating revenue

Revenue from subscription fee is recognised over the period of subscription taken by the customer. Revenue recognised over the life of the subscription plan relates to the ongoing services where obligations exist to provide future services. The amount collected and pertaining to the future periods is classified as unearned revenue.

Other income:

Interest Income on fixed deposits and financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, using effective interest rate (EIR) method.

2.4	Inventories	
	Inventories (including goods in transit) are valued at the lower of cost and net realisable value after providing for obsolescence and other losses, when considered necessary. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventory comprises all cost of purchase and other cost incurred in bringing the inventories to the present location	

	and condition. In determining cost, FIFO (First in first out) method is used except in four subsidiaries companies where weighted average method is used.	
2.5	**Property, Plant and Equipment**	
	Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use and, for qualifying assets borrowing costs capitalised in accordance with the Group's accounting policy.	
	Depreciation Methods, estimated useful lives and residual value	
	Depreciation commences when the assets are ready for their intended use. Depreciation on property, plant and equipment have been provided on the straight-line method as per the useful life except in one subsidiaries companies where written down value method is used, which is higher than the useful life prescribed in Schedule II to the Companies Act, 2013. The life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:	
	Type of Asset	**Life (in years)**
	Building	3-60
	Plant and machinery	5-30
	Electrical Installation and Equipment	8-25
	Vehicles	6-20
	Computers	3
	Network Equipment	6
	Office equipment	5-15

	Furniture and fixtures	7-20
	Depreciation is provided on a pro-rata basis i.e. from the date on which asset is ready for use.	
	The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.	
2.6	**Intangible assets including Intangible assets under development**	
	(a)	**Technology related development cost**
		Technology related development costs incurred by the Group are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes expenses incurred during the application development stage. The costs related to planning and post implementation phases are expensed as incurred.
		Expenditure on research activities are recognized in the Statement of Profit and Loss as incurred. Development activities relate to production of new or substantially improved products and processes. Development expenditure is capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalized includes direct labour and overhead costs that are directly attributable to preparing the asset for its intended use.
		Technology related development assets that are under development and are not yet available for use are tested annually for impairment.

	(b)	**Web design & development**
		Web design & development cost incurred by the Group are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes expenses incurred during the application development stage and graphical design and content development. The Costs related to planning and post implementation phases are expensed as incurred.
		Development activities relate to production of new web pages, domain name purchase, designing the appearance of web pages and creating, purchasing, preparing, and uploading information, either textual or graphical in nature, on the web site prior to the web site becoming available for use. Development expenditure is capitalized only if development costs can be measured reliably. The expenditure capitalized includes direct labour and overhead costs that are directly attributable to preparing the asset for its intended use.
	(c)	**Software**
		Software acquired by the Group are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes any directly attributable expenses necessary to make the asset ready for use.
		Amortization expense on intangible assets (technology related development, web design & development cost and software) is provided on straight line method based on management's estimated useful life . Amortization expense is charged on pro-rata basis for assets purchased / sold during the year. The appropriateness of amortization period and the amortization method is reviewed at each financial year end.
	(d)	**Intangible assets acquired in a business combination**
		Intangible assets acquired in a business combination mainly includes Customer relationships, Brand and Non- Compete fee which is recognized separately from goodwill initially at their fair value on the acquisition date (which is regarded as their cost).
		Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated

impairment losses, on the same basis as intangible assets that are acquired separately. Brands with

		indefinite useful lives that are recognised in a business combination are carried at cost less accumulated impairment losses.
		Intangible assets acquired in a business combination is tested for impairment on annual basis.
		Amortization expense on Intangible assets is provided on straight line method based on management's estimated useful life .

Type of Asset	Life (in years)
Technology related development cost	5
Web Design & Development	3-10
Computer Software	3-6
Trademarks and Logo	10
Customer Relationships	10-15
Non Compete Agreement	3-5
Technology	5
Brand	Indefinite
Derecognition of intangible assets	
An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.	

2.7	**Investment property**		
	Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and impairment losses, if any.		
	An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.		
2.8	**Leases**		
	Where the Group is a lessor		
	Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.		
	Where the Group is a lessee		
	For the lease contracts where the Group is a lessee, it recognizes right-of-use asset and lease liability.		
	Right-of-use assets:		
	At the commencement of lease, right-of-use asset is recognized at cost. Cost comprises of initial measurement of lease liability, lease payments made before commencement date less lease incentives, initial direct costs incurred by the Group and estimate of any dismantling cost.		

	Right-of-use assets are amortized over the lease term as below:		
		Type of Asset	**Estimated Useful Life (in no. of years)**
		Buildings on lease	2-60
		Land on lease	2 - 100

	The right-of-use assets are subsequently measured at cost less accumulated depreciation and any accumulated impairment. Adjustment is made for any remeasurement of lease liability.	
	Lease liability:	
	At the commencement of lease the Group measures the lease liability at the present value of lease payments not paid at commencement date. The lease payments are discounted using the Group’s incremental borrowing rate.	
	Lease liability are subsequently increased by interest on the lease liability and reduced by the lease payments. It is adjusted to reflect any reassessment or lease modifications.	
	Short term lease and low value leases:	
	The Group does not recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on accrual basis as per the terms of the lease agreement.	

2.9	**Impairment of tangible and intangible assets including goodwill**	
	The Group assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. An impairment loss is charged to the Statement of Profit and Loss in the year in which the asset is identified as impaired. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss.	
	Impairment testing in goodwill	
	Cash generating units to which goodwill is allocated are tested for impairment annually at each balance sheet date, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to that unit and then to the other assets of the unit pro rata on the basis of carrying amount of each asset in the unit. Goodwill impairment loss if any recognised is not reversed in subsequent period.	
2.1	**Employee Benefits**	
	(a)	**Short term employee benefits**
		Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.
	(b)	**Other long-term employee benefits**

		These liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services. They are therefore measured as the present value of expected future payments to be made in respect of services provided by the employees upto the end of the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.
		The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer the settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.
	(c)	**Post-employment employee benefits**
		The Group operates the following post-employment schemes:
	(i)	**Defined contribution plans**
		The Group's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made at the determined rate as and when services are rendered by the employees. The Group's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

	(ii)	**Defined benefit plans**
		The Group's Gratuity plan is a defined benefit plan. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method.
		The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.
		Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.
		Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefit expenses. Interest cost implicit in defined benefit employee cost is recognised in the Statement of Profit and Loss under finance cost. Gains or losses on settlement of any defined benefit plan are recognised when the settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Group recognises related restructuring costs or termination benefits.
	(d)	**Share Based Payments:**
		Equity-settled share based

		payments to employees are measured at the fair value of the equity instruments at the grant date in accordance with Ind AS 102, 'Share based payments'. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 49.
		The fair value determined at the grant date of the equity-settled share based payments is expensed over the vesting period using the graded vesting method, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group review its estimate of the number of equity instruments expected to vest. The impact of the original estimates, if any, is recognized in the profit or loss such that the cumulative expense reflect the revised estimate, with a corresponding adjustment to the "Share Option Outstanding Account' in Other Equity.
2.11	**Foreign Currency transactions**	
	Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency translated into rupees at year-end exchange rates are recognised in Statement of Profit and Loss.	
	Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the Statement of Profit and Loss.	
	Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.	

	Foreign operations	
	The assets and liabilities of foreign operations (including the goodwill and fair value adjustments arising on the acquisition of foreign entities) are translated into Rupees at the exchange rates prevailing at the reporting date whereas their Statements of Profit and Loss are translated into Rupees at monthly average exchange rates and the equity is recorded at the historical rate. The resulting exchange differences arising on the translation are recognised in OCI and held in foreign currency translation reserve ('FCTR'), a component of equity. On disposal of a foreign operation (that is, disposal involving loss of control), the component of OCI relating to that particular foreign operation is reclassified to profit or loss.	
2.12	**Borrowing Cost**	
	Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.	
	All other borrowing costs are recognised in statement of profit or loss in the period in which they are incurred.	
2.13	**Financial Instruments**	
	A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.	
	Initial recognition:	
	Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly	

	attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.	
	Subsequent measurement:	
	(a)	**Financial assets carried at amortised cost:** A financial asset is subsequently measured at amortised cost if the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
	(b)	**Financial assets carried at fair value through other comprehensive income (FVTOCI):** A financial asset is subsequently measured at fair value through other comprehensive income if the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
	(c)	**Financial assets carried at fair value through profit or loss (FVTPL):** All other financial assets are subsequently measured at fair value.
	(d)	**Financial liabilities at amortised cost:** Financial liabilities includes interest bearing loans and borrowings which are subsequently measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

	Derecognition of financial assets : The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party or the transfer qualified for derecognition under Ind AS 109.	
	Derecognition of financial liabilities: The Group derecognizes a financial liability when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.	
	Impairment of financial assets:	
	The Group recognises loss allowances for expected credit losses (ECLs) on the following financial instruments that are not measured at FVTPL:	
	-Loans and advances to customers;	
	-Debt investment securities;	
	-Trade and other receivable;	
	-Irrevocable loan commitments issued; and	
	-Financial guarantee contracts issued	
	(A) For Financial Services business:-	
	Credit-impaired financial assets	
	A financial asset is ‘credit-impaired’ when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset	

	have occurred. Credit-impaired financial assets are referred to as Stage 3 assets. Evidence of credit impairment includes observable data about the following events:	
	-significant financial difficulty of the borrower or issuer;	
	-a breach of contract such as a default or past due event;	
	It may not be possible to identify a single discrete event-instead, the combined effect of several events may have caused financial assets to become credit-impaired.	
	Significant increase in credit risk	
	The Group monitors all financial assets and financial guarantee contracts that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition.	
	In relation to loss allowance for financial assets (excluding trade receivables), ECL's are measured at an amount equal to 12-month ECL, unless there has been significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL by the Group. For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 109 and Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime ECL.	
	In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Group's historical experience and expert credit assessment.	
	Given that a significant increase in credit risk since initial recognition is a relative measure, a given change, in absolute terms, in the Probability of Default will be more significant for a financial instrument with a lower initial PD than compared to a financial instrument with a higher PD.	
	Definition of default	
	Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.	

	The Group considers the following as constituting an event of default:	
	-The borrower is past due more than 90 days on any material credit obligation to the Group; or	
	-The borrower is unlikely to pay its credit obligations to the Group in full.	
	The definition of default is appropriately tailored to reflect different characteristics of different types of assets.	
	When assessing if the borrowers is unlikely to pay its credit obligations, the Group takes into account both qualitative and quantitative indicators. The information assessed depends on the type of the asset, for example in corporate lending a qualitative indicator used is the admittance of bankruptcy petition by National Company Law Tribunal. Quantitative indicators, such as overdue status and non-payment on another obligation of the same counterparty are key inputs in this analysis. The Group uses a variety of sources of information to assess default which are either developed internally or obtained from external sources. The definition of default is applied consistently to all financial instruments unless information becomes available that demonstrates that another default definition is more appropriate for a particular financial instrument.	
	Expected credit loss model	
	Basis the above-defined criteria, the Group considering the short-term nature of the majority of underlying portfolio of financial assets, calculates ECL on a collective basis as per the ECL model.	
	The expected credit loss is a product of exposure at default (‘EAD’), probability of default (‘PD’) and loss given default (‘LGD’). Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The Group categories financial assets at the reporting date into stages based on the days past due (‘DPD’) status as under:	
	- Stage 1: Low credit risk, i.e. 0 to 30 days past due	
	- Stage 2: Significant increase in credit risk, i.e. 31 to 90 days past due	
	- Stage 3: Impaired assets, i.e. more than 90 days past due	

	LGD estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrower will default on their obligation in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Group.	
	The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the consolidated financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments. The Group regularly reviews its models in the context of actual loss experience and make adjustments when such differences are significantly material.	
	(B) For Other business:-	
	Impairment of financial assets: The Group recognizes loss allowances using the Expected Credit Loss (ECL) for the financial assets which are not measured at fair value through profit or loss. In relation to loss allowance for financial assets (excluding trade receivables), ECL's are measured at an amount equal to 12-month ECL, unless there has been significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime ECL.	
	Presentation of allowance for ECL in the Balance Sheet:	
	Loss allowances for ECL are presented in the statement of financial position as follows:	
	-For financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;	
	-For debt instruments measured at FVTOCI: no loss allowance is recognised in Balance Sheet as the carrying amount is at fair value.	

2.14	**Derivative financial instruments**	
	The Group enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives held include foreign exchange forward contracts, interest rate swaps and cross currency interest rate swaps. Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Group designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.	
	Hedge accounting	
	The Group makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Group applies hedge accounting for transactions that meet specific criteria. At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the Group would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.	
	Cash Flow Hedges	
	A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in Finance Cost in the statement of profit and loss. When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised	

	in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.	
2.15	**Earnings per share**	
	Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares net off treasury shares outstanding during the period.	
	Equity shares that will be issued upon the conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share.	
	For calculating diluted earnings per share, the net profit attributable to equity shareholders and the weighted average number of shares outstanding are adjusted for the effect of all dilutive potential equity shares	
2.16	**Cash and cash equivalents**	
	Cash and cash equivalents includes cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.	
2.17	**Cash Flow Statement**	
	Cash Flows are reported using indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals and accruals of past or future operating cash receipts and payments and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.	
2.18	**Taxation**	
	Income tax expense represents the sum of current tax and deferred tax.	

	Current tax	
	The current tax expense or credit for the year is the tax payable on the current period taxable income based on the applicable enacted income tax rate in accordance with the Income Tax Act, 1961 adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, items that are never taxable / deductible and unused tax losses / tax credits.	
	Current tax assets and tax liabilities are offset where the entity has a legal enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.	
	Deferred tax	
	Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their corresponding carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction (other than in a business combination) that effects neither accounting profit nor taxable profit. In addition, deferred tax liabilities are not recognised if temporary differences arise from the initial recognition of goodwill. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the balance sheet date and are expected to apply when the related deferred income tax asset is realised, or the deferred tax liability is settled. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.	
	Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.	
	The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.	
	Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income (OCI) or directly in Equity, in which case, the tax is also recognised in OCI or Equity respectively.	

2.19	**Provisions and Contingent Liabilities**	
	Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligations at the balance sheet date and are not discounted to its present value. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.	
	Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligations or a reliable estimate of the amount cannot be made.	
2.2	**Segment reporting**	
	The Group determines reportable segment based on information reported to the Chief Operating Decision Maker (CODM) for the purposes of resource allocation and assessment of segmental performance. The CODM evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments. The accounting principles used in the preparation of the consolidated financial statements are consistently applied to record revenue and expenditure in individual segments. The Group has identified business segments as reportable segments. (Refer note no. 42)	
2.21	**Government grant**	
	The Group is entitled to subsidies from government in respect of manufacturing units located in specified regions. Such subsidies are measured at amounts receivable from the government which are non-refundable and are recognized as income when there is a reasonable assurance that the Group will comply with all necessary conditions attached to them. Income from subsidies is recognized on a systematic basis over the periods in which the related costs that are intended to be compensated by such subsidies are recognized. Income from the above grants and subsidies are presented under Revenue from Operations.	

2.22	**Operating Cycle/ Current and Non-Current Classification**	
	Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current/non-current classification of assets and liabilities.	
	The Group presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is current when it is:	
	•Expected to be realised or intended to be sold or consumed in normal operating cycle.	
	•It is held primarily for the purpose of trading	
	•Expected to be realised within twelve months after the reporting period, or	
	•Cash or Cash Equivalent.	
	All other assets are classified as non-current.	
	A liability is current when:	
	•It is expected to be settled in normal operating cycle.	
	•It is held primarily for the purpose of trading.	
	•It is due to be settled within twelve months after the reporting period, or	
	•There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.	
	The Group classifies all other liabilities as non-current. Deferred tax assets	

	and liabilities are classified as non-current assets and liabilities.	
2.23	**Ordinary/ Treasury Shares**	
	Ordinary shares are classified as Equity when the Company has an unconditional right to avoid delivery of cash or another financial asset, that is, when the dividend and repayment of capital are at the sole and absolute discretion of the Company and there is no contractual obligation whatsoever to that effect.	
	When the Company purchases its ordinary shares through Ofbusiness Employees Welfare Trust, they are treated as treasury shares, and the consideration paid is deducted from the Equity. When the treasury shares are subsequently re-issued, any difference between its carrying amount and consideration received is recognised in share-based-payment reserve.	
2.24	Adoption of new and revised Indian Accounting Standards (Ind As)	
	The Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.	
	During the year ended March 31, 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.	
	On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.	
	On August 13, 2025, MCA notifies the amendments to various Indian Accounting Standards (Ind AS). The key changes relate to: transitional provisions for first-time adopters (including relief for lease classification) in “Ind AS 101 - First-time Adoption of Indian Accounting Standards”; supplier finance arrangements and related disclosure requirements introduced in “Ind	

	AS 107 - Financial Instruments: Disclosures" and "Ind AS 7 - Statement of Cash Flows"; editorial correction in "Ind AS 108 - Operating Segments"; clarification on effective date paragraphs in "Ind AS 109 - Financial Instruments" and consequential updates in references "Ind AS 115 - Revenue from Contracts with Customers"; comprehensive amendments on classification of liabilities as current or non-current (including covenants, right to defer settlement, and related disclosures) in "Ind AS 1 - Presentation of Financial Statements".	
	The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

Disclosure of significant accounting policies [Text Block]

1	**Group Overview**
	OFB Tech Private Limited (the 'Company' or 'Parent Company') is a private limited company incorporated in India on 24th August 2015 under the provisions of the Companies Act, 2013. The Consolidated financial statements of the Company as at and for the year ended on 31 March 2025 comprise the Company and its subsidiaries (together referred to as "the Group"). The Company has its registered office at New Delhi and its corporate office at Gurugram, Haryana.
	The Group is engaged in following activities through parent & its subsidiaries: -
	Trading: The Group engaged in trading of products such as steel, cement, polymer, agriculture products, etc. to small and medium enterprise ("SME") centric B2B business entities through the Parent and subsidiaries.
	Financial Services: The Group is engaged in non-banking financing activities without accepting deposits through the Subsidiary Company, Oxyzo Financial Services Limited (OXYZO). The subsidiary company (OXYZO) has obtained a Certificate of Registration vide Certificate No. N-14.03380 from the Reserve Bank of India ("RBI") on 18 October 2017 to commence / carry on the business of Non-Banking Finance Company ("NBFC") without accepting deposits. The subsidiary company (OXYZO) has listed its non-convertible debentures on the Bombay Stock Exchange ("BSE").
	Manufacturing: The Group is engaged in manufacturing of products such as steel, aluminum foils, chemicals, AAC Blocks, bitumen, emulsion, packaging material , edible oils , pickled gherkins and textiles etc. through the Parent and subsidiary Companies.
	Others: The Group is engaged in the business of Processing of agri products and subcontracting the construction works contract including extending services to discover latest tenders via BidAssist portal or mobile apps to SME and providing real time solution for tracking construction cost through subsidiary Companies.
2	**Material accounting policies**

2.1	**Basis of preparation and presentation of Consolidated Financial Statements**
	Statement of Compliance
	The Consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.
	Principal of Consolidation
	The consolidated financial statements relate to OFB Tech Private Limited ('the Parent Company') and its subsidiary companies. The consolidated financial statements have been prepared on the following basis:
	a) The financial statements of the subsidiary companies used in the consolidation are drawn upto the same reporting date as that of the Parent company i.e., 31 March, 2025.
	b) The financial statements of the parent company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
	c) Goodwill arising on acquisition is recognised as an asset and measured at cost and is tested for impairment on annual basis, being the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed.
	Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, the excess is recognised as capital reserve on consolidation and shown under the head 'Reserves & Surplus', in the consolidated financial statements.
	d) Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying value of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interests having a deficit balance.
	e) Changes in the Group's ownership interests in existing subsidiaries
	Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the

	subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.
	When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/ permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.
	f) As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.
	g)Following subsidiary companies has been considered for preparation of consolidated financial statements.

	*The Parent Company by virtue of control, has consolidated ZFirst Technologies Private Limited and Candor Dates Private Limited as subsidiary company.

	#Samruddhi Organic Farms Vietnam Company Limited (SOFVCL) was incorporated on 17th July,2024 but till date no amount of capital contribution been made. Samruddhi Organic Farm India Private Limited (subsidiary) has determined control over the stated subsidiary company as per the provisions of IND-AS 110. As per Board Resolution dated 5th May,2025, board has decided to dissolve the aforesaid SOFVCL and for the closer, required documents/forms have been filed.
	The consolidated financial statements of the Company as at and for the year ended on 31 March 2025 and 31 March 2024, respectively comprise the parent company and its subsidiaries.
	Basis of Preparation
	The Consolidated financial statements have been prepared on accrual and going concern basis under the historical cost convention except for certain class of financial assets/ liabilities, share based payments and net liability for defined benefit plans that are measured at fair value. The accounting policies have been consistently applied by the Group unless otherwise stated.
	Functional and Presentation Currency
	The Consolidated financial statements have been prepared and presented in Indian Rupees (Rs), which is also the Company's functional currency. All amounts in the consolidated financial statement and accompanying notes are presented in 'Lakhs' and have been rounded-off to two decimal places unless stated otherwise.
	Fair value measurement
	The Group measures financial instruments at fair value at each reporting date.
	The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
	• in the principal market for the asset or liability, or

	• in the absence of a principal market, in the most advantageous market for the asset or liability.
	Certain accounting policies and disclosures of the Group require the measurement of fair values, for both financial and non-financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values.
	For financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:
	• Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at
	the measurement date;
	• Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either
	directly or indirectly; and
	• Level 3 inputs are unobservable inputs for the asset or liability.
	The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.
2.2	**Use of estimates**
	The preparation of these consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Group to make estimates and assumptions that affect the reported balances of asset and liabilities, disclosures relating to contingent liabilities as at the date of the consolidated financial statements and the reported amounts of income and expense for the period presented.
	Estimates and underlying assumptions are continually evaluated and reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical accounting estimates and judgements

Information about significant areas of estimation and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements are included in the following areas:

• **Useful lives of tangible and intangible assets:** The Group amortises tangible and intangible assets over estimated useful lives of the assets. The useful life is estimated based on a number of factors including the effects of obsolescence, demand, competition and other economic factors such as the stability of the industry and known technological advances and the level of maintenance expenditures required to obtain the expected future cash flows from the assets. The estimated useful life is reviewed at least annually.

• **Impairment of financial assets:** The Group has reviewed its carrying value of long term investments in equity shares and loans and advances in the consolidated financial statements at the end of each reporting period, for possible impairment if there are events or changes in circumstances that indicate that carrying amount of assets may not be recoverable. If the recoverable value, which is based upon economic circumstances and future plan is less than its carrying amount, the impairment loss is accounted.

•**Expected credit losses on financial assets** : The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

•**Recognition of deferred tax assets:** The Group has recognized deferred tax assets/(liabilities) and concluded that the deferred tax assets specifically on unused tax losses and tax credits, will be recoverable using the estimated future taxable income based on the experience and future projections. The group is expected to generate adequate taxable income for liquidating these assets in due course of time. (Refer note no. 8A and 8B)

•**Effective interest rate method:** The Group EIR methodology, recognizes interest income/ expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

• **Accounting for investment in other equity investments:** The Group evaluates if it has control, joint control or significant influence in its investee by analyzing the contractual terms specified in the share

purchase agreement and if it has power to direct or exert significant influence over relevant activities. Investments

	including investments in compulsory convertible preference shares which meets the definition of Equity as specified in Ind AS 32, where the Group has control, joint control or significant influence are accounted for in accordance with Ind AS 110, 111 or Ind AS 28 respectively.
	Investments, where the Group does not have control, joint control or significant influence, the Group further evaluates it's investments, which are in the form of equity shares are accounted in accordance with Ind AS 27. (refer note no. 5A)
	• **Impairment of goodwill :** Goodwill recognised on business combination is tested for impairment on annual basis or whenever there is an indication that the recoverable amount of the cash generating unit (CGU) is less than the carrying amount. The calculation of value in use of a CGU involves use of significant assumptions including future economic and market conditions
	Goodwill and intangible assets with indefinite lives have been allocated to the respective CGUs which are determined at the entity level. For further details refer note no. 3(d).
	• **Business combinations :** As disclosed in note 2.1 (g), control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. In cases, where the Group holds less than half of the voting rights of an investee, significant judgement is required by management to determine whether the Group has control over the investee.
	Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value on the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.
	Further details about business combinations are given in note 54A and 54B.
	• **Compound financial instrument:** The Group had issued Compulsorily Convertible Preference Shares and Optionally Convertible Preference Shares on private placement basis which has a fixed to fixed conversion terms. The Group has analysed the conversion terms related to timing of conversion, future cash flows along with other factors and arrived at equity component of these instruments.There is no change in valuation of these compound financial instrument as the current and previous year end.
2.3	**Revenue recognition**
	Sales are recognized, at transaction price as per terms of agreements with the customers, net of sales returns and other variable consideration on account of discounts, if any, on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers, which generally coincides with dispatch/ delivery to

customers, as applicable. Sales excludes goods and services tax. The Group recognises revenue when the amount

	of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and degree of managerial involvement associated with ownership or effective control have been met for each of the Group's activities as described below.
	• In respect of trading and manufacturing business
	Sale of traded and manufacturing goods:
	Revenue is recognized for domestic and export sales of goods on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers as per terms of agreements with the customers. The amount recognised as revenue is net of taxes, sales returns and trade discounts.

Other operating revenue:	
(a)	**Freight / logistics charges and loading & unloading charges**
	Revenue from freight / logistics charges, loading & unloading charges, is recognised when the goods have been delivered to the buyer's warehouse/location, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration. The amount recognised as revenue is net of taxes and credit notes, if any
(b)	**Other operating revenue**
	Revenue from other operating revenue comprised service fees which is recognised when the contracting party(s) does the market place transaction on the Group's platform, provided the consideration is reliably determinable and no significant uncertainty exists regarding the collection of the consideration and when the Group acts as an agent. The amount recognises revenue net of taxes, discounts and credit notes, if any.

Finance Income:
Interest income
The Group charges interest from its customers for credit sales. The interest is recognized using time proportion method, based on interest rates implicit in the transaction.

Delayed interest charges

The Group charges penalty on the late payment from customers beyond the credit period. Income is recognized when there is no uncertainty to its collection.

- **In respect of financial service business**

Interest income

Interest income is recognised in the Statement of Profit and Loss and for all financial instruments (except for those classified as held for trading or those measured or designated as at fair value through profit or loss (FVTPL)) is measured using the effective interest method (EIR).

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts. For financial assets at FVTPL transaction costs are recognised in profit or loss at initial recognition.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses (ECLs)). For financial assets originated or purchased credit-impaired (POCI) the EIR reflects the ECLs in determining the future cash flows expected to be received from the financial asset.

Penal interest charged on delayed payment is recognized on realization basis.

- **In respect of construction business**

Revenue from contract manufacturing
Revenue recognition from the contract manufacturing where the performance obligations are satisfied over period of time, is based on “percentage of completion method”. Percentage of completion is determined based upon actual cost incurred to-date as percentage of the total estimated cost required to complete the project. The cost expended (or input method) has been used to measure the progress towards completion as there is direct relationship between input and productivity.
If the group is not able to reasonably measure the progress of completion, revenue is recognised only to the extent of cost incurred for which recoverability is probable.
Revenue is recognized and measured at the fair value of the consideration received or receivable, to the extent it is probable that the economic benefits will flow to the group and the revenue can be reliably measured. The Group collects goods and services tax (GST) on behalf of the government and therefore, these are not economic benefits flowing to the group and hence, excluded from revenue.
Other operating revenue
Revenue from subscription fee is recognised over the period of subscription taken by the customer. Revenue recognised over the life of the subscription plan relates to the ongoing services where obligations exist to provide future services. The amount collected and pertaining to the future periods is classified as unearned revenue.
Other income:
Interest Income on fixed deposits and financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, using effective interest rate (EIR) method.

2.4	**Inventories**	
	Inventories (including goods in transit) are valued at the lower of cost and net realisable value after providing for obsolescence and other losses, when considered necessary. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventory comprises all cost of purchase and other cost incurred in bringing the inventories to the present location	

	and condition. In determining cost, FIFO (First in first out) method is used except in four subsidiaries companies where weighted average method is used.	
2.5	**Property, Plant and Equipment**	
	Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use and, for qualifying assets borrowing costs capitalised in accordance with the Group's accounting policy.	
	Depreciation Methods, estimated useful lives and residual value	
	Depreciation commences when the assets are ready for their intended use. Depreciation on property, plant and equipment have been provided on the straight-line method as per the useful life except in one subsidiaries companies where written down value method is used, which is higher than the useful life prescribed in Schedule II to the Companies Act, 2013. The life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:	
	Type of Asset	**Life (in years)**
	Building	3-60
	Plant and machinery	5-30
	Electrical Installation and Equipment	8-25
	Vehicles	6-20
	Computers	3
	Network Equipment	6
	Office equipment	5-15

	Furniture and fixtures	7-20
	Depreciation is provided on a pro-rata basis i.e. from the date on which asset is ready for use.	
	The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.	
2.6	**Intangible assets including Intangible assets under development**	
	(a)	**Technology related development cost**
		Technology related development costs incurred by the Group are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes expenses incurred during the application development stage. The costs related to planning and post implementation phases are expensed as incurred.
		Expenditure on research activities are recognized in the Statement of Profit and Loss as incurred. Development activities relate to production of new or substantially improved products and processes. Development expenditure is capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalized includes direct labour and overhead costs that are directly attributable to preparing the asset for its intended use.
		Technology related development assets that are under development and are not yet available for use are tested annually for impairment.

	(b)	**Web design & development**
		Web design & development cost incurred by the Group are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes expenses incurred during the application development stage and graphical design and content development. The Costs related to planning and post implementation phases are expensed as incurred.
		Development activities relate to production of new web pages, domain name purchase, designing the appearance of web pages and creating, purchasing, preparing, and uploading information, either textual or graphical in nature, on the web site prior to the web site becoming available for use. Development expenditure is capitalized only if development costs can be measured reliably. The expenditure capitalized includes direct labour and overhead costs that are directly attributable to preparing the asset for its intended use.
	(c)	**Software**
		Software acquired by the Group are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost includes any directly attributable expenses necessary to make the asset ready for use.
		Amortization expense on intangible assets (technology related development, web design & development cost and software) is provided on straight line method based on management's estimated useful life . Amortization expense is charged on pro-rata basis for assets purchased / sold during the year. The appropriateness of amortization period and the amortization method is reviewed at each financial year end.
	(d)	**Intangible assets acquired in a business combination**
		Intangible assets acquired in a business combination mainly includes Customer relationships, Brand and Non- Compete fee which is recognized separately from goodwill initially at their fair value on the acquisition date (which is regarded as their cost).
		Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated

impairment losses, on the same basis as intangible assets that are acquired separately. Brands with

		indefinite useful lives that are recognised in a business combination are carried at cost less accumulated impairment losses.
		Intangible assets acquired in a business combination is tested for impairment on annual basis.
		Amortization expense on Intangible assets is provided on straight line method based on management's estimated useful life .

Type of Asset	Life (in years)
Technology related development cost	5
Web Design & Development	3-10
Computer Software	3-6
Trademarks and Logo	10
Customer Relationships	10-15
Non Compete Agreement	3-5
Technology	5
Brand	Indefinite
Derecognition of intangible assets	
An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.	

2.7	**Investment property**		
	Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and impairment losses, if any.		
	An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.		
2.8	**Leases**		
	Where the Group is a lessor		
	Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.		
	Where the Group is a lessee		
	For the lease contracts where the Group is a lessee, it recognizes right-of-use asset and lease liability.		
	Right-of-use assets:		
	At the commencement of lease, right-of-use asset is recognized at cost. Cost comprises of initial measurement of lease liability, lease payments made before commencement date less lease incentives, initial direct costs incurred by the Group and estimate of any dismantling cost.		

	Right-of-use assets are amortized over the lease term as below:		
		Type of Asset	**Estimated Useful Life (in no. of years)**
		Buildings on lease	2-60
		Land on lease	2 - 100

	The right-of-use assets are subsequently measured at cost less accumulated depreciation and any accumulated impairment. Adjustment is made for any remeasurement of lease liability.	
	Lease liability:	
	At the commencement of lease the Group measures the lease liability at the present value of lease payments not paid at commencement date. The lease payments are discounted using the Group’s incremental borrowing rate.	
	Lease liability are subsequently increased by interest on the lease liability and reduced by the lease payments. It is adjusted to reflect any reassessment or lease modifications.	
	Short term lease and low value leases:	
	The Group does not recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on accrual basis as per the terms of the lease agreement.	

2.9	**Impairment of tangible and intangible assets including goodwill**	
	The Group assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. An impairment loss is charged to the Statement of Profit and Loss in the year in which the asset is identified as impaired. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss.	
	Impairment testing in goodwill	
	Cash generating units to which goodwill is allocated are tested for impairment annually at each balance sheet date, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to that unit and then to the other assets of the unit pro rata on the basis of carrying amount of each asset in the unit. Goodwill impairment loss if any recognised is not reversed in subsequent period.	
2.1	**Employee Benefits**	
	(a)	**Short term employee benefits**
		Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.
	(b)	**Other long-term employee benefits**

		These liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services. They are therefore measured as the present value of expected future payments to be made in respect of services provided by the employees upto the end of the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.
		The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer the settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.
	(c)	**Post-employment employee benefits**
		The Group operates the following post-employment schemes:
	(i)	**Defined contribution plans**
		The Group's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made at the determined rate as and when services are rendered by the employees. The Group's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

	(ii)	**Defined benefit plans**
		The Group's Gratuity plan is a defined benefit plan. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method.
		The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.
		Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.
		Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefit expenses. Interest cost implicit in defined benefit employee cost is recognised in the Statement of Profit and Loss under finance cost. Gains or losses on settlement of any defined benefit plan are recognised when the settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Group recognises related restructuring costs or termination benefits.
	(d)	**Share Based Payments:**
		Equity-settled share based

		payments to employees are measured at the fair value of the equity instruments at the grant date in accordance with Ind AS 102, 'Share based payments'. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 49.
		The fair value determined at the grant date of the equity-settled share based payments is expensed over the vesting period using the graded vesting method, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group review its estimate of the number of equity instruments expected to vest. The impact of the original estimates, if any, is recognized in the profit or loss such that the cumulative expense reflect the revised estimate, with a corresponding adjustment to the "Share Option Outstanding Account' in Other Equity.
2.11	**Foreign Currency transactions**	
	Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency translated into rupees at year-end exchange rates are recognised in Statement of Profit and Loss.	
	Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the Statement of Profit and Loss.	
	Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.	

	Foreign operations	
	The assets and liabilities of foreign operations (including the goodwill and fair value adjustments arising on the acquisition of foreign entities) are translated into Rupees at the exchange rates prevailing at the reporting date whereas their Statements of Profit and Loss are translated into Rupees at monthly average exchange rates and the equity is recorded at the historical rate. The resulting exchange differences arising on the translation are recognised in OCI and held in foreign currency translation reserve ('FCTR'), a component of equity. On disposal of a foreign operation (that is, disposal involving loss of control), the component of OCI relating to that particular foreign operation is reclassified to profit or loss.	
2.12	**Borrowing Cost**	
	Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.	
	All other borrowing costs are recognised in statement of profit or loss in the period in which they are incurred.	
2.13	**Financial Instruments**	
	A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.	
	Initial recognition:	
	Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly	

	attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.	
	Subsequent measurement:	
	(a)	**Financial assets carried at amortised cost:** A financial asset is subsequently measured at amortised cost if the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
	(b)	**Financial assets carried at fair value through other comprehensive income (FVTOCI):** A financial asset is subsequently measured at fair value through other comprehensive income if the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
	(c)	**Financial assets carried at fair value through profit or loss (FVTPL):** All other financial assets are subsequently measured at fair value.
	(d)	**Financial liabilities at amortised cost:** Financial liabilities includes interest bearing loans and borrowings which are subsequently measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

	Derecognition of financial assets : The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party or the transfer qualified for derecognition under Ind AS 109.	
	Derecognition of financial liabilities: The Group derecognizes a financial liability when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.	
	Impairment of financial assets:	
	The Group recognises loss allowances for expected credit losses (ECLs) on the following financial instruments that are not measured at FVTPL:	
	-Loans and advances to customers;	
	-Debt investment securities;	
	-Trade and other receivable;	
	-Irrevocable loan commitments issued; and	
	-Financial guarantee contracts issued	
	(A) For Financial Services business:-	
	Credit-impaired financial assets	
	A financial asset is ‘credit-impaired’ when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset	

	have occurred. Credit-impaired financial assets are referred to as Stage 3 assets. Evidence of credit impairment includes observable data about the following events:	
	-significant financial difficulty of the borrower or issuer;	
	-a breach of contract such as a default or past due event;	
	It may not be possible to identify a single discrete event-instead, the combined effect of several events may have caused financial assets to become credit-impaired.	
	Significant increase in credit risk	
	The Group monitors all financial assets and financial guarantee contracts that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition.	
	In relation to loss allowance for financial assets (excluding trade receivables), ECL's are measured at an amount equal to 12-month ECL, unless there has been significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL by the Group. For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 109 and Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime ECL.	
	In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Group's historical experience and expert credit assessment.	
	Given that a significant increase in credit risk since initial recognition is a relative measure, a given change, in absolute terms, in the Probability of Default will be more significant for a financial instrument with a lower initial PD than compared to a financial instrument with a higher PD.	
	Definition of default	
	Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.	

	The Group considers the following as constituting an event of default:	
	-The borrower is past due more than 90 days on any material credit obligation to the Group; or	
	-The borrower is unlikely to pay its credit obligations to the Group in full.	
	The definition of default is appropriately tailored to reflect different characteristics of different types of assets.	
	When assessing if the borrowers is unlikely to pay its credit obligations, the Group takes into account both qualitative and quantitative indicators. The information assessed depends on the type of the asset, for example in corporate lending a qualitative indicator used is the admittance of bankruptcy petition by National Company Law Tribunal. Quantitative indicators, such as overdue status and non-payment on another obligation of the same counterparty are key inputs in this analysis. The Group uses a variety of sources of information to assess default which are either developed internally or obtained from external sources. The definition of default is applied consistently to all financial instruments unless information becomes available that demonstrates that another default definition is more appropriate for a particular financial instrument.	
	Expected credit loss model	
	Basis the above-defined criteria, the Group considering the short-term nature of the majority of underlying portfolio of financial assets, calculates ECL on a collective basis as per the ECL model.	
	The expected credit loss is a product of exposure at default (‘EAD’), probability of default (‘PD’) and loss given default (‘LGD’). Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The Group categories financial assets at the reporting date into stages based on the days past due (‘DPD’) status as under:	
	- Stage 1: Low credit risk, i.e. 0 to 30 days past due	
	- Stage 2: Significant increase in credit risk, i.e. 31 to 90 days past due	
	- Stage 3: Impaired assets, i.e. more than 90 days past due	

	LGD estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrower will default on their obligation in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Group.	
	The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the consolidated financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments. The Group regularly reviews its models in the context of actual loss experience and make adjustments when such differences are significantly material.	
	(B) For Other business:-	
	Impairment of financial assets: The Group recognizes loss allowances using the Expected Credit Loss (ECL) for the financial assets which are not measured at fair value through profit or loss. In relation to loss allowance for financial assets (excluding trade receivables), ECL's are measured at an amount equal to 12-month ECL, unless there has been significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime ECL.	
	Presentation of allowance for ECL in the Balance Sheet:	
	Loss allowances for ECL are presented in the statement of financial position as follows:	
	-For financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;	
	-For debt instruments measured at FVTOCI: no loss allowance is recognised in Balance Sheet as the carrying amount is at fair value.	

2.14	**Derivative financial instruments**	
	The Group enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives held include foreign exchange forward contracts, interest rate swaps and cross currency interest rate swaps. Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Group designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.	
	Hedge accounting	
	The Group makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Group applies hedge accounting for transactions that meet specific criteria. At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the Group would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.	
	Cash Flow Hedges	
	A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in Finance Cost in the statement of profit and loss. When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised	

	in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.	
2.15	**Earnings per share**	
	Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares net off treasury shares outstanding during the period.	
	Equity shares that will be issued upon the conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share.	
	For calculating diluted earnings per share, the net profit attributable to equity shareholders and the weighted average number of shares outstanding are adjusted for the effect of all dilutive potential equity shares	
2.16	**Cash and cash equivalents**	
	Cash and cash equivalents includes cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.	
2.17	**Cash Flow Statement**	
	Cash Flows are reported using indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals and accruals of past or future operating cash receipts and payments and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.	
2.18	**Taxation**	
	Income tax expense represents the sum of current tax and deferred tax.	

Current tax

The current tax expense or credit for the year is the tax payable on the current period taxable income based on the applicable enacted income tax rate in accordance with the Income Tax Act, 1961 adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, items that are never taxable / deductible and unused tax losses / tax credits.

Current tax assets and tax liabilities are offset where the entity has a legal enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their corresponding carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction (other than in a business combination) that effects neither accounting profit nor taxable profit. In addition, deferred tax liabilities are not recognised if temporary differences arise from the initial recognition of goodwill. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the balance sheet date and are expected to apply when the related deferred income tax asset is realised, or the deferred tax liability is settled. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income (OCI) or directly in Equity, in which case, the tax is also recognised in OCI or Equity respectively.

2.19	**Provisions and Contingent Liabilities**	
	Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligations at the balance sheet date and are not discounted to its present value. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.	
	Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligations or a reliable estimate of the amount cannot be made.	
2.2	**Segment reporting**	
	The Group determines reportable segment based on information reported to the Chief Operating Decision Maker (CODM) for the purposes of resource allocation and assessment of segmental performance. The CODM evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments. The accounting principles used in the preparation of the consolidated financial statements are consistently applied to record revenue and expenditure in individual segments. The Group has identified business segments as reportable segments. (Refer note no. 42)	
2.21	**Government grant**	
	The Group is entitled to subsidies from government in respect of manufacturing units located in specified regions. Such subsidies are measured at amounts receivable from the government which are non-refundable and are recognized as income when there is a reasonable assurance that the Group will comply with all necessary conditions attached to them. Income from subsidies is recognized on a systematic basis over the periods in which the related costs that are intended to be compensated by such subsidies are recognized. Income from the above grants and subsidies are presented under Revenue from Operations.	

2.22	**Operating Cycle/ Current and Non-Current Classification**	
	Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current/non-current classification of assets and liabilities.	
	The Group presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is current when it is:	
	•Expected to be realised or intended to be sold or consumed in normal operating cycle.	
	•It is held primarily for the purpose of trading	
	•Expected to be realised within twelve months after the reporting period, or	
	•Cash or Cash Equivalent.	
	All other assets are classified as non-current.	
	A liability is current when:	
	•It is expected to be settled in normal operating cycle.	
	•It is held primarily for the purpose of trading.	
	•It is due to be settled within twelve months after the reporting period, or	
	•There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.	
	The Group classifies all other liabilities as non-current. Deferred tax assets	

	and liabilities are classified as non-current assets and liabilities.	
2.23	**Ordinary/ Treasury Shares**	
	Ordinary shares are classified as Equity when the Company has an unconditional right to avoid delivery of cash or another financial asset, that is, when the dividend and repayment of capital are at the sole and absolute discretion of the Company and there is no contractual obligation whatsoever to that effect.	
	When the Company purchases its ordinary shares through Ofbusiness Employees Welfare Trust, they are treated as treasury shares, and the consideration paid is deducted from the Equity. When the treasury shares are subsequently re-issued, any difference between its carrying amount and consideration received is recognised in share-based-payment reserve.	
2.24	Adoption of new and revised Indian Accounting Standards (Ind As)	
	The Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.	
	During the year ended March 31, 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.	
	On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.	
	On August 13, 2025, MCA notifies the amendments to various Indian Accounting Standards (Ind AS). The key changes relate to: transitional provisions for first-time adopters (including relief for lease classification) in “Ind AS 101 - First-time Adoption of Indian Accounting Standards”; supplier finance arrangements and related disclosure requirements introduced in “Ind	

	AS 107 - Financial Instruments: Disclosures" and "Ind AS 7 - Statement of Cash Flows"; editorial correction in "Ind AS 108 - Operating Segments"; clarification on effective date paragraphs in "Ind AS 109 - Financial Instruments" and consequential updates in references "Ind AS 115 - Revenue from Contracts with Customers"; comprehensive amendments on classification of liabilities as current or non-current (including covenants, right to defer settlement, and related disclosures) in "Ind AS 1 - Presentation of Financial Statements".	
	The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

53. Financial Instruments						
(i) Financial Instruments by category						
The criteria for recognition of financial instruments is explained in significant accounting policies in Note No. 2.13						
Particulars	As at 31 March 2025			As at 31 March 2024		
	Amortised cost	FVTOCI	FVTPL	Amortised cost	FVTOCI	FVTPL
Security deposit	3,737.40	-	-	2,623.58	-	-
Investments	1,00,428.53	397.2	18,148.97	1,80,926.82	455.38	6,528.33
Trade receivables	1,62,922.78	-	-	1,61,333.49	-	-
Cash and Cash Equivalents	1,29,017.19	-	-	44,601.04	-	-
Loans	8,25,527.67	-	-	6,59,754.63	-	-
Bank Balances	3,131.53	-	-	5,509.91	-	-
Derivative financial assets	-	270.27	37.43	-	313.83	25.24
Others	87,259.60	-	3,140.45	48,396.55	-	3,140.45
Total Financial assets	13,12,024.70	667.47	21,326.85	11,03,146.02	769.21	9,694.02
Borrowings	8,37,389.06	-	-	6,39,042.52	-	-

Trade Payables	85,721.63	-	-	53,245.91	-	-
Lease liabilities	17,988.27	-	-	11,590.14	-	-
Derivative financial Instruments	338.12	-	-	64.64	-	-
Other Financial liabilities	50,675.75	-	-	40,698.55	-	-
Total financial liabilities	9,92,112.83	-	-	7,44,641.76	-	-
The group consider that the carrying amounts of financial assets and financial liabilities recognised in the financial statement are approximate to their fair values.						
(ii) Fair value hierarchy						
This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.						
Measurement of fair values						
The different levels of fair value have been defined below:						
Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and traded bonds that have quoted price.						
Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.						

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments. This level includes derivative MTM assets/liabilities.						
There have been no transfers in either direction for the years ended 31 March 2025 and 31 March 2024.						
Fair value of the Group's financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)						
Except as detailed out in the following table, the management considers that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.						
Particulars	Valuation technique and key inputs	Level	As at March 31, 2025		As at March 31, 2024	
			Carrying amount	Fair value	Carrying amount	Fair value
Quoted investments in the mutual funds measured at FVTPL	Quoted bid prices in an active market	1	18,148.97	18,148.97	6,528.33	6,528.33
Unquoted investments in the equity Shares measured at FVTOCI	On the basis of Valuation Report	3	397.2	397.2	455.38	455.38
Derivative financial Instruments	Forward foreign currency exchange rates	3	307.7	307.7	339.07	339.07

Total Financial assets			18,853.87	18,853.87	7,322.78	7,322.78
Derivative financial Instruments	Forward foreign currency exchange rates	3	338.12	338.12	64.64	64.64
Total financial liabilities			338.12	338.12	64.64	64.64
- Cash and cash equivalents, other bank balances, loans, other current financial assets, current borrowings, trade payables and other current financial liabilities: approximate their carrying amounts largely due to the short-term maturities of these instruments.

Notes:

1. In respect of the above matters the management is reasonably confident that no material liability will devolve on the Group and hence not recognised in the books of account. For all matters contingent liability includes the order passed by the concerned authority against Company and pending in appeal either at appellate or other higher authority level.

2.In earlier year, SMW had received demand notice aggregating to Rs 5,308.34 Lakhs during the financial year 2015-16 from the Income Tax Authority for the block Assessment for period from A.Y 2009-10 to A.Y 2014-15. During the FY 2023-24 the Subsidiary has received a favourable order from Income Tax Appellate Tribunal(ITAT),Pune Bench and Department has filed appeal in the High Court of Judicature at Bombay Bench at Nagpur against the order of the ITAT.

3. During the year 2017-18 the SMW had received order in its favour from Commissioner (Appeals) of Rs.2423.56 Lakhs being duty on mega refund subsidy and against the order Commissioner of Central Goods And Service Tax, Palghar filed an appeal in Customs, Excise & Service Tax Appellate Tribunal Mumbai (CESTAT). During the year appeal has been dismissed by the CESTAT.

4. In the case of GST, there is contingent liability of Rs. 9353.79 lakhs, which mainly includes:

(i) Rs. 52924.01 lakhs related to SMW Ispat Pvt. Ltd. (subsidiary) against the GST notices issued by the GST department due to alleged excess availment of input tax credit and notice issued under section 122 of CGST Act, 2017.

(ii) Rs. 2731.89 lakhs related to Noble Tech Industries Pvt. Ltd. (subsidiary) against the various notices issues by the GST departments due to non-compliance by the vendors of the company.

5. For matter under arbitrations, refer note no 56.1 & 56.2

45. Employee Benefits - Post employment benefit plans		
Defined Contribution Plans		
The group makes contributions, determined as specified percentage of employee salaries in respect of qualifying employees towards provident fund, and labour welfare fund, which are defined contribution plans. The group has no obligation other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The amount recognised as expense towards contribution to provident fund and labour welfare fund aggregated to Rs.2,964.19 lakhs (Previous Year Rs.2,036.03 lakhs) (refer note no 35).		
Defined benefit plans		
The Gratuity amount has been computed based on respective employee's salary and the years of employment with the group. Gratuity has been accrued based on actuarial valuation as at the balance sheet date, carried by an independent actuary. The parent and 5 subsidiaries have gratuity plan covering qualifying employees of the respective entities & for other subsidiaries gratuity plan is unfunded.		
The following table sets forth the status of the Gratuity plan of The group and the amounts recognised in the Balance Sheet and the Statement of Profit and Loss.		
A. Gratuity(partially funded)		
I. Net liability recognised in the Balance Sheet:		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Present value of defined benefit obligation	3,386.39	2,290.44
Net Liability recognised in Balance Sheet	**3,386.39**	**2,290.44**

IIA. Expense recognised in the Statement of Profit and Loss		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Current Service Cost	1,100.13	887.42
Interest cost on the net defined benefit liability/ (Asset)	187.25	140.52
Expense recognised in the Statement of Profit and Loss*	**1,287.38**	**1,027.94**
* Includes gratuity expense amounting Rs.608.01 lakhs (previous year Rs.490.84 lakhs lakhs) towards unfunded gratuity plan.		
IIB. Remeasurement recognised in the Other Comprehensive Income		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Actuarial (gains)/ losses		
- Change in demographic assumptions	164.65	-83.5
- Change in financial assumptions	-45.44	169.86
- experience variance (i.e. Actual experience vs assumptions)	-118.9	-342.07

- return on plan assets, excluding amount recognised in in net interest expense	3.49	-1.43
Remeasurement recognised in the Other Comprehensive Income	**3.8**	**-257.14**
III. Movement in the present value of Defined Benefit Obligation		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Changes in Defined Benefit Obligation		
Present value of defined benefit obligation at the beginning of the year	2,290.44	1,862.40
Fair value of plan assets at the beginning of the year	1,343.22	615.8
Adjustment related to acquisitions	100.22	570.35
On Disposal of Subsidiaries		-54.83
Interest cost	187.25	140.52
Current service cost	1,100.13	887.42
Re-measurement (or Actuarial) (gain) / loss arising from:		
- Change in demographic assumptions	164.65	-83.5
- Change in financial assumptions	-45.44	169.86
- experience variance (i.e. Actual experience vs assumptions)	-118.9	-342.07

- return on plan assets, excluding amount recognised in in net interest expense	3.49	-1.43
Benefits paid	-159.69	-130.86
Fair Value of Plan Assets	-1,479.00	-1,343.22
Present value of defined benefit obligation as at end	**3,386.37**	**2,290.44**
	-0.02	0
IV. Bifurcation of Present Value of Obligation at the end of the year		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Current liability (Short term)	159.6	145.63
Non-current liability (Long term)	3,226.79	2,144.81
Amount recognized in the Balance Sheet	**3,386.39**	**2,290.44**
V. Movement in the fair value of plan assets		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**

Opening fair value of plan assets	**1,343.22**	**615.8**
Opening relating to acquisitions till acquisitions date	-	**617.72**
Employer contribution	143.21	211.67
Return on plan assets	78.95	2.9
Benefits paid	-86.38	-104.87
Closing fair value of plan assets	**1,479.00**	**1,343.22**

VI. Net movement in present value of obligation in the last five years			
For the year ended	**Present value of obligation at the end of year**	**Fair value of plan assets at the end of year**	**Surplus / (Deficit)**
31st March,2025	4,865.39	1,479.00	-3,386.39
31st March,2024	3,633.66	1,343.22	-2,290.44
31st March,2023	2,478.20	615.8	-1,862.40
31st March,2022	1,134.03	136.87	-997.16
31st March,2021	297.18	-	-297.18
VII. Principal Actuarial Assumptions			

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024	
Actuarial assumptions for Gratuity			
Discount rate	6.81%	7.15%	
Salary escalation rate (per annum)	7.34%	9.00%	
Retirement age	60 years	60 years	
Mortality rate	IALM (2012-14)	IALM (2012-14)	
Withdrawal rate			
-Upto 30 years	4.93%	12.42%	
-31-44 years	4.67%	9.26%	
-Above 40 years	1.80%	0.94%	
The estimates of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Assumptions regarding mortality are based on published statistics and mortality tables. The calculation of the defined benefit obligation is sensitive to the mortality assumptions.			
B. Long term Employee Benefits (Compensated Absences)			
I. Principal Actuarial Assumptions			
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**	

Actuarial assumptions for Long term Employee Benefits (Compensated Absences)			
Discount rate	6.81%	7.15%	
Salary Escalation Rate (per annum)	7.34%	9.00%	
II. Expense recognised in the Statement of Profit and Loss			
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**	
Present value of defined benefit obligation at the beginning of the year	1,104.62	639.14	
Present value of defined benefit obligation at the end	1,661.45	1,104.62	
Benefit paid	173.16	57.24	
Adjustment on transfer in/ (out)	1.81	-	
Acquisition Adjustment	-0.35	14.63	
Expense recognised in the Statement of Profit and Loss	**732.15**	**508.09**	
III. Bifurcation of Present Value of Obligation at the end of the year			
	For the year	**For the year**	

Particulars	ended 31 March 2025	ended 31 March 2024	
Current Liability (Short term)	161.49	93.06	
Non- Current Liability (Long term)	1,499.96	1,011.56	
Amount recognized in the Balance Sheet	**1,661.45**	**1,104.62**	

Sensitivity Analysis				
The key actuarial assumptions to which the benefits benefit obligation results are particularly sensitive to are discount rate, future salary escalation rate, attrition rate and mortality rate. Sensitivity of gross defined obligation as mentioned above, in case of change of significant assumptions would be as under:				
Particulars	**For the year ended 31 March 2025**		**For the year ended 31 March 2024**	
	Decrease (In lakhs)	**Increase (In lakhs)**	**Decrease (In lakhs)**	Increase (In lakhs)
Discount Rate (-/+1%)	2,961.51	1,447.13	2,415.48	1,074.28
Salary Growth Rate (-/+1%)	1,476.47	2,910.05	1,093.95	2,375.31
Attrition Rate (-/+50% of attrition rates)	2,652.10	1,689.25	2,174.38	1,261.24
Mortality Rate (-/+10% of mortality rates)	2,286.66	2,286.29	2,021.62	2,021.14

Disclosure of leases [Text Block]

40. Disclosures as required under Ind AS 116:		
The Group has entered into various lease agreements for acquiring space to do its day to day operations. Such lease contracts include monthly fixed payments for rentals. The lease contracts are generally cancellable at the option of lessee during the lease tenure after the completion of non cancellable period, however basis current intention to hold the lease property during the complete tenure of lease agreement, right of use assets has been recognised for the complete lease tenure as per lease agreement. There are no significant restrictions imposed under the lease contracts.		
A. Below are the summary of financial information related to the above lease contracts for building and land:		
Particulars	**As at 31 March 2025**	**As at 31 March 2024**
Amortization expense on Right-of-use (ROU) assets recognized during the year	2,781.64	2,095.64
Interest expense on lease liability (Refer note no 36)	1,188.46	1,053.75
Carrying amount of ROU assets as on the reporting date	22,743.30	17,006.36
Income on Security Deposit Discounting	20.09	13.87
Total cash outflow for leases	3,423.18	2,571.20
Lease liability as on the reporting date	17,988.27	11,590.14
B. Movement in lease liabilities		

Particulars	As at 31 March 2025	As at 31 March 2024
Opening Balance	11,590.14	9,670.55
Lease liabilities acquired on acquisition(Refer note 54A)	1,796.03	2,859.85
Decrecognition on disposal of Subsidiaries (Refer note no 55)	-	-71.01
Additions	7,803.24	2,628.47
Finance cost accrued during the year(Net of Security Deposit income)	1,188.46	1,053.75
Deletions on termination of leases	-966.42	-1,980.27
Payment of lease liabilities	-3,423.18	-2,571.20
Closing Balance	**17,988.27**	**11,590.14**
Current	3,037.09	1,711.93
Non-Current	14,951.18	9,878.21
Total lease liabilities	**17,988.27**	**11,590.14**
	-	-
C. The table below provides details regarding the contractual maturities of lease liabilities on an discounted basis:		
Particulars	**As at 31 March 2025**	**As at 31 March 2024**

Less than one year	3,037.09	1,711.93
One to five years	11,449.50	6,547.38
More than five years	3,501.68	3,330.83
Total	**17,988.27**	**11,590.14**
a) Where the Group is a lessee/ licensee the Group has entered into various lease/ license agreements for leased/ licensed premises, which expire at various dates within next 5 years. There are no contingent lease/license fees payments.		

Particulars	**As at 31 March 2025**	**As at 31 March 2024**
Lease payments recognised during the year	3,423.18	2,571.20
Total	**3,423.18**	**2,571.20**
b) As at March 31, 2025, the Company does not have material operating or financing leases that have not yet commenced.		
c) The incremental borrowing rates is as below:		

Particulars	**As at 31 March 2025**	As at 31 March 2024

Weighted-average incremental borrowing rate	9.94%	10.73%
d) Expense relating to short term leases with lease term of more than one month during the year ended 31 March 2025 is Rs. 2,472.02 lakhs (previous year Rs. 2,498.74 lakhs).

42. Segment Information			
The Group's operating business are organised and managed according to the nature of service provided, with each segment representing a strategic business unit that offers different services in different markets.			
Due to high interlinkages between different businesses (trading and manufacturing), management and board look at the businesses in a combined manner. Hence, in line with the internal reportings, segment reporting has been restructured as follows:-			
Commerce: The Commerce segment functions as a B2B raw material procurement platform, offering both trading services and in-house processing and manufacturing capabilities. It operates across key raw material categories, including Metals, Apparel, Chemicals, and others.			
Financial Services: The Group is engaged in non-banking financing activities without accepting deposits through the Subsidiary Company, Oxyzo Financial Services Limited. The subsidiary company (Oxyzo Financial Services Limited) has obtained a Certificate of Registration vide Certificate No. N-14.03380 from the Reserve Bank of India (“RBI”) on 18 October 2017 to commence / carry on the business of Non-Banking Finance Company (“NBFC”) without accepting deposits. The subsidiary company has listed its non-convertible debentures on the Bombay Stock Exchange (“BSE”) with effect from 6 February 2019. The subsidiary company is incorporated to carry on the business of financing activities.			
Summary of Segmental information (Primary) for the year ended 31 March 2025			
		Financial

Disclosure of share-based payment arrangements [Text Block]

49. Equity Stock based payments

a. Employee stock based compensation

The excess of value of underlying equity shares as of the date of the grant of options over the exercise price of the options given to employees and the employees of subsidiaries Company under the employee stock option plan amortized over the vesting period using graded vesting method.

Employee Stock Based Payments

The Company has adopted Ind AS 102 Share-based Payments". The standard is applicable for all employee share-based payment plans, and also applies to transfers of stock options of the parent of the enterprise to the employees of the enterprise.

b. Employee Stock Option Plan-OFB ("ESOP")

Ofbusiness Stock Option Plan, 2016

OFB Tech Private Limited ('OFB'), the holding Company, has a Ofbusiness Stock Options Plan, 2016-OFB ('ESOP 2016 Plan'), which was duly approved by the Shareholder of the OFB in the Extraordinary General Meeting held on 8 April 2016. ESOP 2016 Plan is administered by Compensation Committee and in the absence of such committee Board of Directors of the OFB ensures the administration of the ESOP 2016 Plan. The stock options granted are categorized as equity settled and have a graded vesting.

During the year, certain employees of the Company were transferred to/from the other subsidiaries. To align the interest of employees, it was determined that transferred employees, may continue to participate in the ESOP 2016 Plan of the Company and accordingly they are entitled to equity shares of the Company.

The following options were in existence during the current and prior years:

For the year ended 31 March 2025

* On 25 June 2021, the Company has made sub-division of equity shares from Rs. 10 each to Re 1 each. Accordingly equity shares have been sub-divided in the ratio of 10:1. Further, the Company has made bonus issuance in the ratio of 2120:1 on 05 July 2021. All ESOP outstanding as on 05 July 2021 has been adjusted in terms of the following clause in ESOP plan:

In the event of corporate actions such as consolidation, right issues, stock split, bonus issues, the Compensation Committee may formulate detailed terms and conditions regarding the procedure for making a fair and reasonable adjustment to the number of options and to the exercise price. In this regard, the Compensation Committee shall take into account the following:

(i) the number and the exercise price of options shall be adjusted in a manner such that total value of the options remains the same after the corporate action;

(ii) for this purpose global best practices in this area including the procedures followed by the derivate markets in India and abroad shall be considered;

(iii) the vesting period and the life of the options shall be left unaltered as far as possible to protect the rights of the employee.

Vesting Period - As determined by Compensation Committee subject to minimum of 1 year and maximum of 4 years from the grant date.

Exercise Period - The options vest at various dates over the period of one to four year from the date of grant. The options expire within 7 years for grants issued upto April 1, 2018 and 3 years for grants issued after April 1, 2018 from the date of each vesting.

Exercise Price - Exercise price shall be determined by Compensation Committee and specified in Grant letter's but it shall not be less than the face value of shares of the Company.

Vesting Conditions - Vesting of option is a function of achievement of performance criteria or any other criteria as specified by Compensation committee and communicated in the grant letter. Further, the vesting takes place on staggered basis over the respective vesting period.

Fair value of options granted

The weighted average fair value of stock options granted during the year pertaining to ESOP 2016 plan is INR. 56.13 (Previous year INR. 60.78). The fair value at grant date is determined using the Black- Scholes model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option. The following tables list the inputs used for fair valuation of options for the ESOP plans.

Particulars	For options granted during the year ended	
	31-Mar-25	31-Mar-24
Dividend yield (%)	0.00%	0.00%
Expected volatility (%)	28%-30%	35%-40%
Risk free interest rate (%)	6.8%-7.2%	7.30%
Expected life of share options (years)	2-2.8 Years	4.2
Fair value of options at grant date (Rs.)	33.90 -225	60.40-60.80
Fair value of share at grant date (Rs.)	251.5-270.9	211.5-226.1
Exercise price (Rs.)	30.60-306.46	317
Effect of share-based payment transactions on

C. Employee Stock Option Plan-OXYZO ("ESOP Plan")		
Oxyzo Financial Services Limited (‘Oxyzo’), the Holding Company, had framed an Oxyzo Stock Options Plan, 2021 (‘ESOP 2021 Plan’), which was duly approved by the Shareholder of the Oxyzo in the Extraordinary General Meeting held on 22 November 2021, created an ESOP pool and further expanded the same in the Extraordinary General Meeting held on 10 March 2022. ESOP 2021 Plan will be administered by Compensation committee and in the absence of such committee Board of Directors of the Oxyzo shall ensure the administration of the ESOP 2021 Plan. The stock options granted are categorized as equity settled and have a graded vesting. The options vest at various dates over the period of one to four year from the date of grant. All vested options not exercised as per exercise period shall lapse.		
Particular's	**Grant Date**	**Number of options**
		granted
Grant-I	03-Jan-22	21,32,651
Grant-II	06-Apr-22	2,80,709
Grant-III	06-Apr-23	5,92,775
Grant-IV	23-Jun-23	4,60,654
Grant-V	01-Jul-24	6,44,767

Vesting Period - As determined by Compensation Committee subject to minimum of 1 year and maximum of 4 years from the grant date.		
Exercise Period - The options vest at various dates over the period of one to four year from the date of grant. All vested options not exercised as per exercise period shall lapse.		

Exercise Price - Exercise price shall be determined by Compensation Committee and specified in Grant letter's but it shall not be less than the face value of shares of the Company.		
Vesting Conditions - Vesting of option is a function of achievement of performance criteria or any other criteria as specified by Compensation committee and communicated in the grant letter. Further, the vesting takes place on staggered basis over the respective vesting period		
Particulars	**For the year ended 31 March 2025**	**For the year ended 31 March 2024**
Expense arising from share-based payment transactions (Refer note 35)	770.03	812.98
Total expense arising from share-based payment transactions recognised in Statement of Profit and Loss	**770.03**	**812.98**

The details of activity under the ESOP Plans have been summarised below:					
Particulars	**31-Mar-25**		**31-Mar-24**		
	Shares arising out of Options	**Weighted average exercise price**	**Shares arising out of Options**	**Weighted average exercise price**	
		(in Rs.)		**(in Rs.)**	
Outstanding at the beginning of the year	34,66,789	801	24,13,360	696	2776394946
Granted during the year	6,44,767	1,125	10,53,429	1,042	725362875

Outstanding at the end of the year	41,11,556	852	34,66,789	801	41,11,556
Exercisable at the end of the year	-	-	-	-	851.69
Weighted average remaining contractual life of the options outstanding at the end of the year	2.50 years		4.04 years		

Fair value of options granted		
The weighted average fair value of stock options granted during the year pertaining to ESOP 2022 plan is 132.90 (previous year 104.10). The fair value at grant date is determined using the Black-Scholes model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option. The following tables list the inputs used for fair valuation of options for the ESOP plans.		
Particulars	**For options granted during the year ended**	
	31-Mar-25	31-Mar-24
Dividend yield (%)	0.00%	0.00%
Expected volatility (%)	39.00%	30.00%
Risk free interest rate (%)	7.10%	7.30%
Expected life of share options (in years)	2.5	3.4
Fair value of options at grant date (in Rupees)	132.9	104.1
Exercise price (in Rupees)	1125	1042
